

NCR APTRA™ ATM Passport

Looking to offer the best automated deposit service to your customers?

YES

The simple way to improve your deposit process

NCR APTRA ATM Passport solution offers a single, integrated and scalable platform that allows you to capture deposits from ATM customers at the ATM. NCR APTRA ATM Passport makes envelopes a thing of the past. When a customer deposits a cheque into an image-enabled ATM, the cheque image and related data are electronically submitted to your back office, immediately ready for processing. This allows your bank to begin verification of ATM deposits within minutes of the transaction. Your customers also receive a receipt with an imprinted image of their deposited cheques, which reassures them and builds your credibility with them.

- **Improved customer service**

NCR APTRA ATM Passport is a convenient way for your customers to enjoy anytime access to banking services. It also provides your customers with the proof they need of their deposits—a printed receipt with an image of the cheques and a breakdown of any cash deposited.

- **Reduces fraud**

NCR APTRA ATM Passport reduces fraud by removing the need for envelopes and also by processing in real-time. This means there is no possibility for empty-envelope fraud. It also enables your back-office risk-review personnel to have access to items immediately, which allows them to flag questionable transactions for investigation prior to posting.

- **Enriches the customer experience**

This happens by re-directing simple deposit functions to the ATM, which provides convenience combined with speed. This frees up your branch personnel to spend more time with your customers who need greater assistance with products and services, allowing greater potential for cross-selling.

- **Reduces courier costs**

NCR APTRA ATM Passport separates the cheques and cash deposited into the ATM. This reduces the need for armored courier pickups.
