star lanterns made by Mexican artisans You could also attach your star decorations to a string of fairy lights to make a garland of teeny tiny star lanterns We have provided three colorful templates for you to use or why not create your own using the black and white template as a starting point How to make paper flowers These simple paper flowers are fun to make and so easy that the whole family can get involved They can be used to decorate a party or Cinco de Mayo celebration arranged in vases or as a centerpiece at a wedding or placed on an ofrenda for Dia de los Muertos You could also attach one or two flowers to a bobby pin or hair band and create a decorative hair piece How to make papel picado Papel picado means punched or perforated paper and traditionally papel picado are made from colored tissue paper and cut using chisels We wanted to simplify the perforated paper technique so that you could create papel picado with household scissors and after a bit of experimentation we came up with this easy method of producing your own stunning papel picado We made ours using crepe paper as it comes in lovely vibrant colors and we found it much easier to handle than tissue paper which tends to tear It also means that your papel picado last longer so you can use them again next year How to make a mini pinata Ever since we moved our family to South America we have all fallen head over heels for pinatas so it wasn't long until we felt compelled to try making one of our own Traditionally you beat a pinata with a stick until it exploded and all the yummy shiny contents fell to the ground Now days as a safer option pinatas often come with a string which you pull down on to release the contents We wanted to make a fully functioning mini pinata so ours too has a pull string It's been tried and tested by our children so we can report that it works beautifully Templates If you would like to use the templates shown in the tutorial photos they are all free with the book to download from the Happythought website We have also included templates in this book which you can photocopy and scale up to use for your projects copy by hand or use as inspiration for your own designs **Agromía**,1957 Making Magic Windows Carmen Lomas Garza,2008-05-16 Provides instructions for making paper banners and more intricate cut outs Includes diagrams for creating specific images
