Proceedings of the Conference on Natural Resources and Life Sciences 2022 (NRLS-BIO 2022) Johan Sukweenadhi,Finna Setiawan,2023-12-26 This is an open access book Molecular biology has given a great impact in life science investigation The advances in molecular biology over the last several decades have boosted research and product development in many disciplines of life science including Biotechnology and Pharmacy This advances comprise 1 the progression of more sophisticated techniques in molecular biology with a broad interdisciplinary applications 2 the expanding flow of information of technical novelties and scientific discoveries across scientific community and 3 the development of more sophisticated software and continuously updated databases This has changed the rationale and approach of experimentations giving rise to

revolutionizing discoveries in many fields of science. It has become evident that the deregulation of molecular processes in the body is associated with and in certain circumstances is the direct cause of a wide range of pathological conditions. It is necessary to mention the biomedical relevance of molecular biology related investigations for drug discovery and the development of a more personalized medicine. Given the rapidly changing and continuously evolving nature of the molecular biology field, we can anticipate that the revolutionary impact of molecular biology in life sciences is only at the beginning and is far from being finished. To highlight the rapidly growing research and product development in the field of Biotechnology and Pharmacy, the 4th International Conference on Natural Resources and Life Sciences (NRLS) themed Biotechnology and pharmacy driven research and product development is presented. Following the successful program of 1st, 2nd and 3rd NRLS, we intend to hold the next two-day conference along with a one-day optional workshop in 4th NRLS as a scientific forum for biotechnology and pharmacy researchers and product developers to discuss the recent advances in the fields and their application. It is a great pleasure to invite you to the forthcoming 4th NRLS Conference which will be held virtually on August 24th-25th, 2022, and the following on-site workshop on August 26th, 2022.
