

Concept Paper: Bullying

The bill, now a law defines acts of bullying in schools and authorizes these institutions to impose sanctions on student bullies. Bullying is the most common form of violence in schools, not only in elementary and secondary schools but also in tertiary level schools may it be state universities, school foundations or private colleges and universities. Students are ridiculed, taunted, teased, mocked and made fun of by fellow students who think or feel that they can get away with such behavior because they are superior, or great than the students they bully.

Schools and its administrators are always in a dilemma as to they would address bullies in the amp's. In previous news, a student from a very prestigious private school was a victim when a father of a classmate brought a gun in school toted it to a student inside the classroom. This was a very controversial issue that may have somehow hastened the passing of the anti-bullying law. A recent news also tackled about bullying in which a 12 year - old victim committed suicide by hanging herself due to depression from being bullied by her classmates.

It is therefore imperative for schools to come up with programs to promote such law and to make students aware of what they could do about the issue. It is the aim of this research to find out how knowledgeable or to determine the General Santos Doctors' Medical School Foundation Incorporated students' level of awareness about this matter and how they could help deter future bullies. Students' level of awareness will best serve as a basis on the development of possible intervention programs for the institution to prevent their students' sense of security.

Also, this study will answer if what are the common grounds and impacts of bullying among the students of General Santos Doctors' Medical School Foundation Incorporated. Target Respondents: Target respondents of the study are students in college level enrolled at and General Locale: The area of coverage for the study is limited to the college students from General Santos Doctors' Medical School Foundation Incorporated.

CONCEPT PAPER Objectives of the Study: The goal of this study is to investigate the main cause and the impacts of bullying and to know the level of awareness on bullying among the students of General Santos Doctors' Medical School Foundation Inc. , thereby improving the knowledge of students as well as the instructors and administrators of the institution in implementing intervention programs against bullying. The objectives of this study are: 1 .) To know the level of awareness on bullying among the students of General Santos Doctors' Medical School Foundation Inc., .) To empirically investigate the main cause and impact of bullying among the students of General Santos Doctors' Medical School Foundation Inc., 3.) To make the students aware about the cause and impact of bully

Acts of Violence in the School Setting Kimberly A. McCabe, 2020-01-08 Since the year 2000 there have been approximately 200 school shootings in the United States Unfortunately this is not simply a U S problem In 2017 a 15 year old Canadian male student committed suicide after shooting two other students and a teacher During that same year in Brazil a private school student fatally shot two classmates and injured four In 2018 a 13 year old Russian girl opened fire with a gas pistol and injured seven 7th graders Hence school violence is a problem of global concern Acts of School Violence in the School Setting addresses this international problem from a crime and criminal justice perspective The history of school violence follows the pattern of what most would consider the history of education According to the U S Department of Justice current research has shown a decline in the rates of school violence over the past three years however the few high profile cases broadcast repeatedly in the media lead the public to other conclusions All individuals agree that a child attending school should be concerned with the process of learning not with avoiding victimization and that the school environment should be a safe and secure location for both students and teachers In addition and most central to this text without a safe school environment students and teachers may be assaulted injured or killed

Included in this textbook are definitions related to the types and categories of school violence including bullying stalking and crimes against students that involve the internet discussions on victims and offenders and case examples Also included in this textbook is information on criminal justice system responses to school violence from both a national and international perspective Finally this textbook discusses adult perpetrators of school violence and the explanations for such attacks
