### Leadership Style

Leadership can be termed as one's ability to get others to freely follow the directives. Every nation and organization needs leaders at every level to guide. A good leader should have the discipline to work toward his or her goal wholeheartedly towards achieving the desired goal. Action is the symbol of a leader. We have identified the positive traits of a personality whose name will be alive for his remarkable good deeds. What he had done to his country will be remembered forever. The people of the Great Britain always found him besides them in their hour of grief and sorrows. By all means he qualifies for a successful leader in whose leadership the Great Britain had
