Hundred-Gated Thebes P.W. Pestman, Vleeming, 2020-04-28 The choachytes or morticians of the ancient Egyptian city of Thebes provided a rich documentation linking the city of the living on one side of the Nile with the city of the dead on the other. The family archives of these choachytes deal to a large part with their professional role in serving the dead entrusted to their care but they are also virtually our only source of information about the city of Thebes whose physical remains were ruthlessly obliterated in the nineteenth century. This material constitutes one end of a chain which links the temple statues of Amun's servants and descriptions of their houses on the one hand with their tombs and their tomb inventories on the other allowing us to identify individual choachytes from their papers. The papyrological finds can thus provide an exact dating for objects that might otherwise be only dated to within several centuries while the objects themselves and the tomb architecture provide a factual dimension to historical and legal documents which might otherwise remain flat and arid. It was in order to draw attention to the richness of all the constituent parts of this documentation that a number of scholars were invited to present their views on Graeco-Roman Thebes at a colloquium held from 9 to 11 September 1992 in Leiden the Netherlands. The survey papers and communications presented at this colloquium are published here. *French Science Fiction, Fantasy, Horror and Pulp Fiction* Jean-Marc Lofficier, Randy Lofficier, 2000 Connoisseurs of fantasy science fiction and horror have long recognized the important contributions of thousands of French authors, filmmakers and artists. The volume is divided into two parts. Part I gives historical overviews, complete lists, descriptions and summaries for works in film, television, radio, animation, comic books and graphic novels. This section also includes interviews with animation director René Laloux and comic book artist Moebius as well as comments from filmmaker Luc Besson. Biographies are provided for over 200 important contributors to television and graphic arts. Part II covers the major authors and literary trends of French science fiction, fantasy and horror from the Middle Ages to the present day. French Canadians and Belgians are also examined. There is a biographical dictionary of over 3 000 authors, a section on major French awards and a complete bibliography. Many illustrations illuminate this thorough presentation. Writings and Speech in Israelite and Ancient Near Eastern Prophecy Ehud Ben Zvi, Michael H. Floyd, 2000 **L'ophtalmologie dans l'Egypte gréco-romaine d'après les papyrus littéraires grecs** Marganne, 2018-07-17 The recurring problems of eye disease in Egypt account for the importance that ophthalmology has always had in this country. Eye diseases and their treatment in Greco-Roman Egypt are documented by a remarkable but insufficiently known body of material: Greek literary papyri which are often the only witnesses to lost medical works and which provide evidence of original theories, practices and terminology. The first part of this book provides an introduction to ancient ophthalmology, to the medical literature of Greco-Roman Egypt and to Greek medical papyri. The second part presents

a critical edition with a French translation and commentary of the papyri with theoretical expositions and a chapter on ophthalmic recipes FRENCH TEXT Eu gard aux affections oculaires qui y s vissent depuis toujours l ophtalmologie ne cessa d occuper une place pr ponderante en Egypte Pour la p riode gr co romaine on dispose d une documentation remarquable mais m connue des papyrus litt raires grecs souvent seuls t moins d oeuvres m dicales perdues qui attestent th ories pratiques et vocabulaire originaux Apr s une introduction sur l ophtalmologie antique la litt rature m dicale de l Egypte gr co romaine et les papyrus grecs de m decine le livre pr sente l dition critique avec traduction et commentaires des papyrus contenant des expos s th oriques ainsi qu un chapitre sur les prescriptions ophtalmologiques Il s adresse aux philologues classiques aux papyrologues aux orientalistes aux gyptologues aux historiens de la m decine et aux ophtalmologues int ress s par l histoire de leur discipline **Le point** ,2000 *General Biography; Or Lives, Critical and Historical, of the Most Eminent Persons of All Ages, Countries, Conditions, and Professions, Arranged According to Alphabetical Order* John Aikin,1803 **General**

Blix,2013-09-04 In the early nineteenth century as amateur archaeologists excavated Pompeii Egypt Assyria and the first prehistoric sites a myth arose of archaeology as a magical science capable of unearthing and reconstructing worlds thought to be irretrievably lost This timely myth provided an urgent antidote to the French anxiety of amnesia that undermined faith in progress and it armed writers from Chateaubriand and Hugo to Michelet and Renan with the intellectual tools needed to affirm the indestructible character of the past From Paris to Pompeii reveals how the nascent science of archaeology lay at the core of the romantic experience of history and shaped the way historians novelists artists and the public at large sought to cope with the relentless change that relegated every new present to history In postrevolutionary France the widespread desire to claim that no being city culture or language was ever definitively erased ran much deeper than mere nostalgic and reactionary impulses G ran Blix contends that this desire was the cornerstone of the substitution of a weak secular form of immortality for the lost certainties of the Christian afterlife Taking the iconic city of Pompeii as its central example and ranging widely across French romantic culture this book examines the formation of a modern archaeological gaze and analyzes its historical ontology rhetoric of retrieval and secular theology of memory before turning to its broader political implications **Desert animals in the eastern Sahara : status, economic significance, and cultural reflection in antiquity** Heiko Riemer,Nadja Pöllath,Michael Herb,Frank Förster,2009-01-01 **Livres hebdo** ,1995 The Optician and
