The Guitar Amp

Handbook Dave Hunter, 2005-10 Book There is a huge amount of hype and mythology surrounding tube amplifiers in the guitar world. For years experts have argued over the tiny details of exactly how they do what they do and how their various components interact. What is undeniable is that far more than being just a loudness booster the unique combination of tubes capacitors resistors and transformers in these amps can contribute enormously to the quality of sound derived from any electric guitar. In this thorough and authoritative book Dave Hunter cuts through the marketing hyperbole and the blind faith and supplies all the information you need to choose the right amp and get the best from it. The book also features exclusively conducted in depth interviews with leading figures in the tube amp building world including Ken Fischer Mark Sampson and Michael Zaite and even provides full instructions on how to construct your own high quality tube guitar amp from scratch.

The Gramophone, 2001 Gender in Music Production Russ Hepworth-Sawyer, Jay Hodgson, Liesl King, Mark Marrington, 2020-04-07 The field of music production has for many years been regarded as male dominated. Despite growing acknowledgement of this fact and some evidence of diversification it is clear that gender representation on the whole remains quite unbalanced. Gender in Music Production brings together industry leaders practitioners and academics to present and analyze the situation of gender within the wider context of music production as well as to propose potential directions for the future of the field. This much anticipated volume explores a wide range of topics covering historical and contextual perspectives on women in the industry interviews case studies individual position pieces as well as informed analysis of current challenges and opportunities for change. Ground breaking in its synthesis of perspectives Gender in Music Production offers a broadly considered and thought provoking resource for professionals students and researchers working in the field of music production today
