Responsables Porteurs Sens Vincent Lenhardt:

, *Coaching for Meaning* Vincent Lenhardt, 2004-03-04 This book's focus is on the concept of the leader as a bearer of meaning and purpose within the organization and the significance of this for coaching and team building. The author presents tools for the development of managers as coaches and models for how to achieve this. For a manager, coaching is a practice and a philosophy. This is a seminal work on coaching and team building in relation to the culture of the company, the board and the individual, written by a leading practitioner. *Prácticas de Coaching* Sylviane Cannio, Viviane Launer, 2008-11 Viviane Launer y Sylviane Cannio revelan las técnicas y herramientas que facilitan la liberación del potencial y su reflejo en el desempeño laboral y en el equilibrio personal. *Ebook: Mentoring with a Coaching Attitude: International Corporate Mentorship that Works* Sylviane Cannio, Cicero Carvalho, Fisher Yu, 2023-07-07 Such a timely and forward-looking book, especially in the era of twin transition. I genuinely hope this book will serve as a resource for inspiration for all practitioners in every aspect of modern life. Dr Riza Kadilar, EMCC Global President, Netherlands. This is an important book that provides clear, unambiguous guidance in a how-to structure which can assist any company that is committed to unlocking the hidden potential of its people. Frank Nigriello, Director of Corporate Affairs, Unipart Group, UK. *Mentoring with a Coaching Attitude* explores the intersection of mentoring and coaching to offer a new toolbox that team leaders, consultants and coaches can use in their own practice. Drawing on the long history of mentoring across the world, the experienced contributors highlight the foundations of mentoring within the importance of relationships and the transmission of knowledge between humans for success. The book's three-part structure builds on the idea of mentoring with a coaching attitude and successful mentoring programmes in organisations. A range of international case studies are intertwined with the history and philosophy of mentoring throughout. Including work from Belgium, France, Morocco, China, UK, the Middle East, Brazil and Poland, and in a diversity of organisations from NGOs like Médecins sans Frontières to universities and multinational companies. The case studies clearly outline how the core potential of a client or mentee can be harnessed with active listening, impactful questioning, creating awareness and leading to experimentation and action. The book is ideal for leaders and business owners who would like to organize mentoring programmes that work and be confident that knowledge and experience is being shared between senior leaders and more junior colleagues. The book is also dedicated to coaches and consultants looking to enhance their practice and ensure they can be confident across practical and theoretical settings. Sylviane Cannio is a Master Practitioner, EMCC and Master Certified Coach, ICF. She was previously Vice President of ICF UK and Global Board member. She is also an assessor for the EMCC EIA, EQA and ESQA accreditations, co-founder and Chief Learning Officer of MentoringCo and President of GO TKM. Global Think tank on Organizational Tacit Knowledge Management. Cicero Carvalho is a Senior Partner at MentoringCo as well as a Master Practitioner, IAC and member of the EMCC. He was previously National Learning Development Lead, Brazil, at Bristol Myers Squibb and Business Excellence Director for Pfizer in Latin

The New Spirit of Capitalism Luc Boltanski,Eve Chiapello,2018-01-16 New edition of this major work examining the development of neoliberalism In this established classic sociologists Luc Boltanski and Eve Chiapello get to the heart of contemporary capitalism Delving deep into the latest management texts informing the thinking of employers the authors trace the contours of a new spirit of capitalism They argue that beginning in the mid 1970s capitalism abandoned the hierarchical Fordist work structure and developed a new network based form of organization founded on employee initiative and autonomy in the workplace a putative freedom bought at the cost of material and psychological security This was a spirit in tune with the libertarian and romantic currents of the period as epitomized by dressed down cool capitalists such as Bill Gates and Ben and Jerry and as the authors argue a more successful pernicious and subtle form of exploitation In this new edition the authors reflect on the reception of the book and the debates it has stimulated
