This World Traveler This World Traveler Wednesday, December 17, 2008 Holiday Travel Shopping 2008 With the Holidays literally in our lap, it seemed to sneak up on me this year. Maybe because New York City decided to have warm 60 degree plus weather in mid-December... at least until yesterday. There is something really pretty about Manhattan in the snow. Got a traveler on your Christmas list? Here are four great gift ideas for that person who has travel in their blood. 1. City In A Bag IT Paris, London, New York or Tokyo is close to your friends heart, you can give a little bit of that city to them! Small wood models of landmark buildings in a bag with a hand-detailed map of the city to place the toys on! A fun way to remember that favorite place, and a great deal at just \$15. Available at MUIT stores or online from the MOMA store! 2. Wet Suit Bag Beach vacations are fun, but if that swimsuit doesn't dry out before you get going, packing can be a mess, smelly and sometimes military mess. Flight 001 offers a special bag just for this problem. Specially treated to keep itself clean, it's a handy way to keep the wet stuff away from your dry, clean clothes. Just \$12 too! Available at Flight 001 3. Crown Room Club Membership Maybe your special someone is a road warrior for work. Delays at the airport can make for a miserable time. But having lounge access can certainly help! Crown Room Clubs are good deals too with an open bar for the travelers. And now that three month memberships are available at just \$90 a person, it won't break the bank either! Available at Delta.com/et. Travel Why not just give your travel loving friends, the gift he really wants? More travel! You don't need to fork out hundreds of dollars either to get them someplace special, just a little gift here or there to help them along the way. Many airlines sell them, including American Airlines and JetBlue for as little as \$55-\$60! Cruise Lines also offer them as well, like Royal Caribbean and Carnival. Red, their in flight entertainment experience, is a powerful system, but still doesn't seem to work all that well - even after a year plus. First, here's where Red shines the best. Their in flight information is among the best out there. Using Google maps, the system lets you zoom in over particular areas you are flying and seems to update fairly quickly. The best part of the system, is that the bottom pop up bar that can be used to change channels can keep the flight information available to you with just a quick swipe to the screen. Also, you can quickly and easily order a snack or a meal through their services as well, and with 24 channels of live TV, plus a wide selection of music, movies and foreign language options makes the system very powerful. There will be some internet connectivity, and the system is set up to have a news reader application although neither of these things are activated yet. It is a touch screen system which could be annoying, but the screens are suitably sensitive enough that tapping the screen
