No-Knead Pizza, Restaurant Style Flatbread and More Steve Gamelin, 2015-01-22 You'll be pleasantly surprised with how easy it is to make pizza dough. Just mix, wait, and poof, you have pizza dough. In fact, sometimes we spend more time running around getting a pizza than it takes to make great tasting pizzas. And the cost of the ingredients to make pizza dough is less than 1¢. What makes this cookbook unique is the technique I use, a process called degas, pull, stretch, which replaces folding and shaping, a process called roll to coat. To dust the dough with flour in the mixing bowl. Bottom line, I can make pizza dough in a glass bowl with a spoon without ever touching the dough. I call it hands free because you won't touch the dough until you roll it out of the mixing bowl to shape into a pizza, which I demonstrate on YouTube in *World's Easiest Pizza Dough*, no kneading, hands free technique, ready in less than 2 hours, due to be released in February 2015. And once you've made your own fresh pizza dough, you'll never go back. Thanks, Steve.

Introductory material includes: Quick Note from Steve, Ingredients, Technique, Tips, Dynamics of Proofing, Degas, Pull, Stretch, Roll to Coat, etc., and Equipment.
