Friedman and the Nobel Laureate economist Paul Samuelson and argues that current anxieties about the economic implications of globalization are just as unfounded as were the concerns about its social effects

Critique of Urbanization Neil Brenner, 2016-12-05 Urbanization is transforming the planet within and beyond cities at all spatial scales In this book Neil Brenner mobilizes the tools of critical urban theory to deconstruct some of the dominant urban discourses of our time which naturalize and thus depoliticize the enclosures exclusions injustices and irrationalities of neoliberal urbanism In so doing Brenner advocates a constant reinvention of the framing categories methods and assumptions of critical urban theory in relation to the rapidly mutating geographies of capitalist urbanization Only a theory that is dynamic which is constantly being transformed in relation to the restlessly evolving social worlds and territorial landscapes it aspires to grasp can be a genuinely critical theory

Black Arts West Daniel Widener, 2010-03-08 A social and cultural history of African American arts activity in Los Angeles between the Second World War and the 1992 riots

The United States and Germany in the Era of the Cold War, 1945-1990 Detlef Junker, Philipp Gassert, Wilfried Mausbach, David B. Morris, 2004-05-17 Publisher Description

The Good Citizen Russell J. Dalton, 2020-06-23 There has been a growing chorus of political analysts with doomsday predictions of an American public that is uncivil disengaged and alienated And it s only getting worse with a younger generation of Americans who do not see the value in voting The good news is that the bad news is wrong In this Third Edition of The Good Citizen Russell Dalton uses current national public opinion surveys including new evidence from 2018 Pew Center survey data to show how Americans are changing their views on what good citizenship means It s not about recreating the halcyon politics of a generation ago but recognition that new patterns of citizenship call for new processes and new institutions that reflect the values of the contemporary American public Trends in participation tolerance and policy priorities reflect a younger generation that is more engaged more tolerant and more supportive of social justice The Good Citizen shows how a younger generation is creating new norms of citizenship that are leading to a renaissance of democratic participation An important comparative chapter in the book showcases cross national comparisons that further demonstrate the vitality of American democracy

Timing the Future Metropolis Peter Ekman, 2024-11-15 Timing the Future Metropolis an intellectual history of planning urbanism design and social science explores the network of postwar institutions formed amid specters of urban crisis and renewal that set out to envision the future of the American city Peter Ekman focuses on one decisive node in the network the Joint Center for Urban Studies founded in 1959 by scholars at Harvard and MIT Through its sprawling programs of organized research its manifold connections to universities foundations publishers and policymakers and its years of consultation on the planning of a new city in Venezuela Ciudad Guayana the Joint Center became preoccupied with the question of how to conceptualize the urban future as an object of knowledge Timing the Future Metropolis ultimately compels a broader reflection on temporality in urban planning rethinking how we might imagine cities yet to come and the consequences of deciding not to
