Cultural Reformations Brian Cummings, James Simpson, 2010-06-24 The original essays in Oxford Twenty First Century Approaches to Literature mean to provoke rather than reassure to challenge rather than codify Instead of summarizing existing knowledge scholars working in the field aim at opening fresh discussion instead of emphasizing settled consensus they direct their readers to areas of enlivened and unresolved debate The deepest periodic division in English literary history has been between the Medieval and the Early Modern not least because the cultural investments in maintaining that division are exceptionally powerful Narratives of national and religious identity and freedom of individual liberties of the history of education and scholarship of reading or the history of the book of the very possibility of persuasive historical consciousness

itself each of these narratives and more is motivated by positing a powerful break around 1500. None of the claims for a profound historical and cultural break at the turn of the fifteenth into the sixteenth centuries is negligible. The very habit of working within those periodic bounds, either Medieval or Early Modern, tends however simultaneously to affirm and to ignore the rupture. It affirms the rupture by staying within standard periodic bounds but it ignores it by never examining the rupture itself. The moment of profound change is either for medievalists just over an unexplored horizon or for Early Modernists a zero point behind which more penetrating examination is unnecessary. That situation is now rapidly changing. Scholars are building bridges that link previously insular areas. Both periods are starting to look different in dialogue with each other. The change underway has yet to find collected voices behind it. *Cultural Reformations* volume aims to provide those voices. It will give focus, authority, and drive to a new area.

The Laird of Norlaw; A Scottish Story Mrs. Oliphant, 2021-05-19. In *The Laird of Norlaw: A Scottish Story*, Mrs. Oliphant weaves a compelling narrative set against the backdrop of 19th-century Scotland, exploring themes of duty, love, and societal expectations. The prose is rich and evocative, combining a keen sense of place with penetrating psychological insight into the characters' lives. Mrs. Oliphant's literary style merges romanticism with realism, offering a captivating portrayal of the Scottish landscape and its cultural intricacies while reflecting the broader context of Victorian literature, where moral and social dilemmas are carefully examined. Mrs. Margaret Oliphant, a prominent Scottish author of the Victorian era, was known for her ability to articulate the complexities of her time, often drawing upon her own experiences of loss and resilience. Her extensive writings, steeped in a delicate understanding of the human condition, reveal a woman who navigated the limitations placed upon her by society, particularly in her role as a widow. This background profoundly influenced her storytelling, allowing her to infuse depth and authenticity into her characters and narratives. Recommended for those with an interest in historical fiction and Scottish culture, *The Laird of Norlaw* provides a rich tapestry of emotion and moral inquiry. This novel is not only a journey through the rugged beauty of Scotland but also an invitation to reflect upon the timeless struggles of the human spirit.

Stories Old and New, 2011-10-15

Stories Old and New is the first complete translation of Feng Menglong's *Gujin xiaoshuo* also known as *Yushi mingyan* *Illustrious Words to Instruct the World*, a collection of 40 short stories first published in 1620 in China. This is considered the best of Feng's three such collections and was a pivotal work in the development of vernacular fiction. The stories are valuable as examples of early fiction and for their detailed depiction of daily life among a broad range of social classes. The stories are populated by scholars and courtesans, spirits and ghosts, Buddhist monks and nuns, pirates and emperors and officials, both virtuous and corrupt. The streets and abodes of late Ming China come alive in Shuhui Yang and Yunqin Yang's smooth and colorful translation of these entertaining tales. **Stories Old and New** has long been popular in

China and has been published there in numerous editions Although some of the stories have appeared in English translations in journals and anthologies they have not previously been presented sequentially in thematic pairs as arranged by Feng Menglong This unabridged translation illustrated with a selection of woodcuts from the original Ming dynasty edition and including Feng's interlinear notes and marginal comments as well as all of the verse woven throughout the text allows the modern reader to experience the text as did its first audience nearly four centuries ago For other titles in the collection go to <http://www.washington.edu/uwpress/books/ming.html> *British and American School Stories, 1910-1960* Nancy G.
