Revegation Revelation Of The Gay Apocalypse English Edition

Lynn R. Huber, Gail R. O'Day

Revegation Revelation Of The Gay Apocalypse English Edition:

Postmodern Apocalypse Richard Dellamora,1995 From accounts of the Holocaust to representations of AIDS to predictions of environmental disaster from Hal Lindsey s fundamentalist 1970s bestseller *The Late Great Planet Earth* to Francis Fukuyama s *The End of History and the Last Man* in 1992 the sense of apocalypse is very much with us In *Postmodern Apocalypse* Richard Dellamora and his contributors examine apocalypse in works by late twentieth century writers filmmakers and critics

Revelation Lynn R. Huber,Gail R. O'Day,2023-11-23 While feminist interpretations of the Book of Revelation often focus on the book s use of feminine archetypes mother bride and prostitute this commentary explores how gender sexuality and other feminist concerns permeate the book in its entirety By calling audience members to become victors Revelation s author John commends to them an identity that flows between masculine and feminine and challenges ancient gender norms This identity befits an audience who follow the Lamb a genderqueer savior wherever he goes In this commentary Lynn R Huber situates Revelation and its earliest audiences in the overlapping worlds of ancient Asia Minor modern Turkey and first century Judaism She also examines how interpreters from different generations living within other worlds have found meaning in this image rich and meaning full book

The Queer Bible Commentary, Second Edition Mona West,Robert Shore-Goss,2022-09-30 First published over ten years ago *The Queer Bible Commentary* brings together the work of several scholars and pastors known for their interest in the areas of gender sexuality and Biblical studies Contributors draw on feminist queer deconstructionist utopian theories the social sciences and historical critical discourses The focus is both how reading from lesbian gay bisexual and or transgender perspectives affect the reading and interpretation of biblical texts and how biblical texts have and do affect LGBTQ communities This revised 2nd edition includes updated bibliographies and chapters taking into account the latest literature relating to queer interpretation of scripture

English Studies in Canada ,1998

Bible Trouble Teresa J. Hornsby,Ken Stone,2011-06-09 The essays in *Bible Trouble* all engage queer theories for purposes of biblical interpretation a rare effort to date within biblical scholarship The title phrase *Bible Trouble* plays on Judith Butler s *Gender Trouble* gesturing toward a primary text for contemporary queer theory The essays consider among others the Lazarus story the Ethiopian eunuch gender trouble in Judges 4 and 5 the Song of Songs and an unorthodox coupling of the books of Samuel and the film *Paris Is Burning* This volume troubles not only the boundaries between biblical scholarship and queer theory but also the boundaries between different frameworks currently used in the analysis of biblical literature including sexuality gender race class history and literature The contributors are Ellen T Armour Michael Joseph Brown Sean D Burke Heidi Epstein Deryn Guest Jione Havea Teresa J Hornsby Lynn R Huber S Tamar Kamionkowski Joseph A Marchal Jeremy Punt Erin Runions Ken Stone Gillian Townsley Jay Twomey and Manuel Villalobos

The Theological Turn in Contemporary Gothic Fiction Simon Marsden,2018-09-21 This study examines theological themes and resonances in post 1970 Gothic fiction It argues that contemporary Gothic is not

simply a secularised genre but rather one that engages creatively and often subversively with theological texts and traditions This creative engagement is reflected in Gothic fiction s exploration of theological concepts including sin and evil Christology and the messianic resurrection eschatology and apocalypse Through readings of fiction by Gothic and horror writers including Stephen King Joyce Carol Oates Peter Straub William Peter Blatty and others this book demonstrates that Christianity continues to haunt the Gothic imagination and that the genre s openness to the mysterious numinous and non rational opens space in which to explore religious beliefs and experiences less easily accessible to more overtly realist forms of representation The book offers a new perspective on contemporary Gothic fiction that will be of interest to students and scholars of contemporary Gothic and of the relationship between literature and religion more generally More Solid Learning Catherine Ingrassia, Claudia N. Thomas, 2000 Until this book there has not been a collection that focuses exclusively on Pope s satiric masterpiece The essays in this volume attempt to teach the poem from a variety of perspectives and in doing so to illuminate its role as literary history cultural artifact and material object They suggest the ways the poem interacts with and influences the dynamic milieu from which it springs BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Black Battle, White Knight Michael Battle, 2011-06 A fascinating profile of one of the most colorful controversial and celebrated religious figures of our time Malcolm Boyd best selling author civil rights activist gay cleric and spiritual director Through unparalleled access to the personal recollections writings and archival records of Malcolm Boyd Michael Battle provides profound insight into one of America s most celebrated and reviled public religious figures In the dialogue between Battle a younger black heterosexual Christian the reader comes to view this older white gay Christian s life of activism and ministry with a fresh perspective Imagination and Politics in Seventeenth-Century England Todd Butler, 2017-03-02 Todd Butler here proposes a new epistemology of early modern politics one that sees as did writers of the period human thought as a precursor to political action By focusing not on reason or the will but on the imagination Butler uncovers a political culture in seventeenth century England that is far more shifting and multi polar than has been previously recognized Pursuing the connection between individual thought and corporate political action he also charts the existence of a discourse that grounds modern scholarly interests in the representational nature of early modern politics its images rituals and entertainment within a language early moderns themselves used Through analysis of a wide variety of seventeenth century texts including the writings of Francis Bacon and Thomas Hobbes Caroline Court masques and the poetry and prose of John Milton he reveals a society deeply concerned with the fundamentally imaginative nature of politics It is a strength of the study that Butler looks at unusual or slighted texts by these authors alongside their more canonical texts The study also ranges widely across disciplines engaging literature alongside both natural and political philosophy By emphasizing the human mind rather than human institutions as the primary site of the period s political struggles this study reframes critical understandings of seventeenth century English politics and the texts that helped define them **Mapping**
