Of God in the mind of many earnest students who have come to regard its meaning as so Obscure and hidden in such hopeless perplexity that any further attempt to interpret it is entirely fruitless So much too has been written about the book which abounds in manifest vagaries that men of sober mind have Often been thereby deterred from forming or expressing any definite Opinion concerning its teaching Indeed it is difficult to say whether the Revelation has suffered more in the hands of expositors by means of fanciful and mistaken interpretation of its true contents or by the interpolation Of ideas wholly foreign to its thought But however brought about we have reached this strangely incongruous result that what was originally designed to be the revelation of mystery has become instead the mystery of Revelation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
