

## NCCI and MACs

The NCCI Policy Manual should be used by Medicare Administrative Contractors (MACs) as a general reference tool that explains the rationale for NCCI edits. MACs implemented NCCI PTP edits within their claim processing systems and CMS incorporated PTP edits into the outpatient code editor (OCE) for OPPS. These edits are applied to outpatient hospital services and other facility services including, but not limited to, therapy providers (Part B Skilled nursing facilities (SNFs)), comprehensive outpatient rehabilitation facilities (CORFs), outpatient physical therapy and speech-language pathology providers (OPTs), and certain claims for home health agencies (HHAs).
