Youth Unemployment and the Youth Contract Great Britain: Parliament: House of Commons: Work and Pensions Committee, 2012-09-19 This report comments positively on some aspects of the design of the Youth Contract It builds on the types of interventions which have been shown to have a positive impact increased Jobcentre Plus JCP adviser support work experience placements and apprenticeships It also welcomes the inclusion of a new scheme for 16 17 year olds the large majority of whom do not receive support from JCP as they are ineligible for Jobseekers Allowance JSA The Committee acknowledges that the Government has sensibly focused wage incentives the key new element of the Youth Contract on longer term young unemployed claimants and there is an attempt to achieve sustainable job outcomes by linking wage incentives to the Work Programme payment structure in which providers are financially incentivised to keep participants in work and off benefits in the longer term However the Youth Contract on its own it will not be enough to address the current unacceptably high level of youth unemployment A significant impact can only be made if all the targets are met In particular past experience shows that 160 000 wage incentives is a very ambitious target in the current economic climate And 250 000 additional work experience placements for young people may also be unrealistic *Arun Deep's Self-Help to CBSE 41 Years' Chapterwise Topicwise Solved Papers Mathematics 1979-2020 IIT-JEE* Munish Sethi, 2025-07-07
