The Unforgotten Women of the Islamic State Gina Vale, 2024-09-11 The Unforgotten Women of the Islamic State explores the governance of the Islamic State IS terrorist organization through the lives and words of local Iraqi Syrian and Kurdish women While the roles and activities of foreign predominantly Western pro IS women have garnered significant attention the experiences and insights of local civilian populations have been largely overlooked Drawing on the testimonies of 63 local Sunni Muslim and Yazidi women Gina Vale exposes the group s intra gender stratified system of governance Eligibility for the group s protection security citizenship and entrance into the semi public sphere were not universal but required convergence with the gender norms of IS through permanent erasure or at least temporary disguise of certain markers of difference In some cases this was directed by a pre meditated divide and conquer strategy while in others it

manifested as unregulated violences at the hands of individual group members including women The structure follows the trajectory of IS s increasing control over its citizens and captive populations its militarization of society imposition of law and order provision of goods and services and intervention in civilians private lives Analysis of diverse first hand accounts and the group s documentation reveals that the presence exclusion and victimization of local civilian women were necessary to the functioning and legitimation of IS s caliphate project and the supremacy of affiliated men and women As a fledgling proto state IS needed local Iraqi Syrian and Kurdish women Though far from represented or protected they were by no means forgotten
