

Personal SWOT

Identify Needs

Understand yourself and discover who you are and what you want

You have a choice to make when embarking on any journey. It is possible to simply set off and go somewhere that is anywhere but here. Choose a direction and move! Where do you end up? Well... somewhere! This is actually how most people approach their life and their career.

Think about the last time that you decided to go somewhere specific. Firstly you would know where you are at the start of the journey. Then you identify your destination. Then you identify the route from here to there and the means of transport. In choosing the mode of getting from here to there, you would take into consideration what you have that will enable you to get there from here. Perhaps a car, with fuel and of course, you would have the ability and license to drive. If that isn't an option for you, you might choose a bus, a train, maybe even cycle or walk. You would choose the most appropriate transport for you in your circumstances.

The same is true for developing your leadership
