Great Space Case Lynda Beauregard, 2024-05-07 It's Space Week at Camp Dakota. The first team to answer three astronomy riddles will get to attend a top secret big event. With space ace Angie leading them, team Astro Explorers is a shoo-in for first place. So why is team Star Troopers solving the riddles first? Days of Knights and Damsels Laurie Carlson, 1998-03-01 Kids can re-create a long ago world of kings, castles, jousts, jesters, damsels, magic fairies, and Robin Hood. All they need are their imaginations. Materials they can find at home and the activities in this book. Dressing up in a coat of armor made from plastic milk jugs, whipping up a batch of curds and whey, writing secret messages in invisible ink, and telling time with a sand glass made from soda bottles are just some of the fun projects. Every activity is illustrated and sidebars highlight colorful facts about life hundreds of years ago. Using STEM-Focused Teacher Preparation Programs to Reimagine Elementary Education Cayton, Emily, Sanders, Miriam, Williams, John A., 2024-02-07 There has been an increasing issue in STEM education as many students lack interest and knowledge in STEM disciplines and fields. Given the high demand for STEM workers and the projected growth of STEM fields, it is important to expose students to STEM education beginning as early as elementary school. Some K-6 programs are not preparing teacher candidates adequately for STEM content or skills, especially in engineering. Integrating these disciplines and practices throughout elementary education programs could result in more exposure for K-6 students. Using STEM-Focused Teacher Preparation Programs to Reimagine Elementary Education presents anecdotal stories of how elementary education programs have altered their content offerings, field experiences, and curricula to expand their teacher candidates' knowledge and exposure to STEM disciplines and fields. Covering key topics such as diversity, teacher education, and technology integration, this premier reference source is ideal for industry professionals, policymakers, administrators of K-12 education, pre-service teachers, teacher educators, researchers, scholars, academicians, practitioners, instructors, and students.
