### Practical 1: Dissection of a sheep heart

#### Heart Dissection Walk Through :

The heart dissection is probably one of the most difficult dissections you will do. Part of the reason it is so difficult to learn is that the heart is not perfectly symmetrical, but it is so close that it becomes difficult to discern which side you are looking at (dorsal, ventral, left or right). Finding the vessels is directly related to being able to orient the heart correctly and figuring out which side you are looking at.

The heart is also difficult because the fatty tissue that surrounds the heart can obscure the openings to the vessels. This means that you really must experience the heart with your hands and feel your way to find the openings. Many people will be squeamish about this, and because the heart is slippery, it is easy to drop. Don't be shy with the heart; use your fingers to feel your way through the dissection.

#### 1. Step One: Orientation

When you first remove your heart from the bag, you will see a lot of fatty tissue surrounding it. It is usually a waste of time to try to remove this tissue. You may also want to arm yourself with some kind of markers for the parts you find, colour pencils work great to identify a vessel and you will see many used to mark openings on the heart.

There are a few clues to help you figure out the left and the right side, but often the packaging and preserving process can cause the heart to be misshapen. If you are lucky, the heart will be nicely preserved and you will see that the front (ventral) side of the heart has a couple of key features:

- 1) a large **pulmonary trunk(artery)** that extends off the top of it
- 2) the flaps of the **auricles** covering the top of the **atria**.
- 3) the **curve** of the entire **front side**, whereas the **backside** is much **flatter**.

**Handbook of the Politics of the Arctic** Leif Christian Jensen, Geir Hønneland, 2015-09-25 The Arctic has again become one of the leading issues on the international foreign policy agenda in a manner unseen since the Cold War Drawing on the perspectives of geo politics and international law this Handbook offers fresh insights and perspectives on the most pressing issues grouped under the headings of political ascendancy climate and environmental issues resources and energy and the response and policies of affected countries

**A Living History of Immunology** Kendall Arthur Smith, 2015-11-04 In the highly competitive world of biomedical science often the rush to publish and to be recognized as first with a new discovery concept or method is lost in the hurly burly of the moment as the maddening crowd moves on to the next new thing One of the great things about immunology today is that it has only become mature as a science within the last half century and especially within the past 35 years as a consequence of the revolution of molecular immunology which has taken place only since 1980 Consequently most of those who have contributed to our new understanding of how the immune system functions are still alive and well and still contributing Thus A Living History of Immunology collates many stories from the investigators who actually performed the experiments that have established the frontiers of immunology Accordingly this volume combats revisionist science by those who want to alter history by telling the stories a different way than actually happened In this regard one of the good things about science vs other disciplines is that we have the written record of what was done when it was done and by whom Even so we do not have the complete story or narrative of how and why experiments were done and what made the differences that led to success This volume captures and chronicles some of these stories from the past fifty years in immunology

***Empowered*** Sarah Banet-Weiser, 2018-10-25 In Empowered Sarah Banet Weiser examines the deeply entwined relationship between popular feminism and popular misogyny as it plays out in advertising online and multimedia platforms and nonprofit and commercial campaigns Examining feminist discourses that emphasize self confidence body positivity and individual achievement alongside violent misogynist phenomena such as revenge porn toxic geek masculinity and men s rights movements Banet Weiser traces how popular feminism and popular misogyny are co constituted From Black Girls Code and the Always LikeAGirl campaign to GamerGate and the 2016 presidential election Banet Weiser shows how popular feminism is met with a misogynistic backlash of mass harassment assault and institutional neglect In so doing she contends that popular feminism s problematic commitment to visibility limits its potential and collective power

**Poetry, Method and Education Research** Esther Fitzpatrick, Katie Fitzpatrick, 2020-07-21 Poetry can be both political and pedagogical It is utilised in a variety of ways in research to enhance critique analyse and express different voices Poetry Method and Education Research brings together international scholars to explore issues as diverse as neoliberalism culture decolonising education health and teacher identities A key strength of the book is its attention to poetry as a research method including discussions of how to engage with poetry in research as well as including a range of research

poems Poetry is thus framed as both a method and performance Authors in this book address a wide variety of questions from different perspectives including how to use poetry to think about complex issues in education where poetry belongs in a research project how to write poetry to generate and analyse data and how poetry can represent these findings This book is an essential resource for students and researchers in education programmes and those who teach in graduate research methods courses *Them and Us* Philippe Legrain, 2020-10-15 Winner of the Diversity Inclusion and Equality Award at the Business Book Awards 2021 Underpinned by scholarship entertaining Legrain's book fizzles with practical ideas The Economist The beauty of diversity is that innovation often comes about by serendipity As Scott Page observed one day in 1904 at the World Fair in St Louis the ice cream vendor ran out of cups Ernest Hami a Syrian waffle vendor in the booth next door rolled up some waffles to make cones and the rest is history Filled with data anecdotes and optimism *Them and Us* is an endorsement of cultural differences at a time of acute national introspection By every measure from productivity to new perspectives immigrants bring something beneficial to society If patriotism means wanting the best for your country we should be welcoming immigrants with open arms

**Climate Change from the Streets** Michael Mendez, 2020-01-07 An urgent and timely story of the contentious politics of incorporating environmental justice into global climate change policy Although the science of climate change is clear policy decisions about how to respond to its effects remain contentious Even when such decisions claim to be guided by objective knowledge they are made and implemented through political institutions and relationships and all the competing interests and power struggles that this implies Michael Mendez tells a timely story of people place and power in the context of climate change and inequality He explores the perspectives and influence low income people of color bring to their advocacy work on climate change In California activist groups have galvanized behind issues such as air pollution poverty alleviation and green jobs to advance equitable climate solutions at the local state and global levels Arguing that environmental protection and improving public health are inextricably linked Mendez contends that we must incorporate local knowledge culture and history into policymaking to fully address the global complexities of climate change and the real threats facing our local communities

GUYnecology Rene Almeling, 2020-08-25 For more than a century the medical profession has made enormous efforts to understand and treat women's reproductive bodies But only recently have researchers begun to ask basic questions about how men's health matters for reproductive outcomes from miscarriage to childhood illness What explains this gap in knowledge and what are its consequences Rene Almeling examines the production circulation and reception of biomedical knowledge about men's reproductive health From a failed nineteenth century effort

to launch a medical specialty called andrology to the contemporary science of paternal effects there has been a lack of attention to the importance of men's age health and exposures Analyzing historical documents media messages and qualitative interviews GUYnecology demonstrates how this non knowledge shapes reproductive politics today *The Regulation of Megabanks* Katarzyna Parchimowicz,2022-11-22 Global systemically important banks G SIBs are the largest most complex and in the event of their potential failure most threatening banking institutions in the world The Global Financial Crisis GFC was a turning point for G SIBs many of which contributed to the outbreak and severity of this downturn The unfolding of the GFC also revealed flaws and omissions in the legal framework applying to financial entities In the context of G SIBs it clearly demonstrated that the legal regimes both in the USA and in the EU grossly ignored the specific character of these institutions and their systemic importance complexity and individualism As a result of this omission these megabanks were long treated like any other smaller banking institutions Since the GFC legal systems have changed a lot on both sides of the Atlantic and global and national lawmakers have adopted new rules applying specifically to G SIBs to reduce their threat to financial stability This book explores whether the G SIB specific regulatory frameworks are adequately tailored to their individualism in order to prevent them from exploiting overly general rules as they did during the GFC Analyzing the specific character and individualism of G SIBs in relation to their history normal functioning as well as their operations during the GFC this book discusses transformation of banking systems and the challenges and opportunities G SIBs face such as Big Tech competitors climate related requirements and the COVID 19 pandemic Taking a multidisciplinary approach which combines financial aspects of operations of G SIBs and legal analysis the book describes G SIB oriented legal frameworks of the EU and the USA and assesses whether G SIB individualism is adequately reflected analyzing trends in supervisory action when it comes to discretion in the G SIB context all in order to contribute to the ongoing discussions about international banking law its problems and potential remedies to such persistent flaws **Our Kindred Creatures** Bill

Wasik,Monica Murphy,2024-04-23 A compassionate sweeping history of the transformation in American attitudes toward animals by the best selling authors of Rabid Over just a few decades at the end of the nineteenth century the United States underwent a moral revolution on behalf of animals Before the Civil War animals suffering had rarely been discussed horses pulling carriages and carts were routinely beaten in public view and dogs were pitted against each other for entertainment and gambling But in 1866 a group of activists began a dramatic campaign to change the nation's laws and norms and by the century's end most Americans had adopted a very different way of thinking and feeling about the animals in their midst In *Our Kindred Creatures* Bill Wasik editorial director of The New York Times Magazine and veterinarian Monica Murphy offer a fascinating history of this crusade and the battles it sparked in American life On the side of reform were such leaders as George Angell the inspirational head of Massachusetts's animal welfare society and the American publisher of the novel *Black Beauty* Henry Bergh founder of the American Society for the Prevention of Cruelty to Animals Caroline White of

Philadelphia who fought against medical experiments that used live animals and many more including some of the nation's earliest veterinarians and conservationists Caught in the movement's crosshairs were transformational figures in their own right animal impresarios such as P T Barnum industrial meat barons such as Philip D Armour and the nation's rising medical establishment all of whom put forward their own very different sets of modern norms about how animals should be treated In recounting this remarkable period of moral transition which by the turn of the twentieth century would give birth to the attitudes we hold toward animals today Wasik and Murphy challenge us to consider the obligations we still have to all our kindred creatures *China's Peasant Agriculture and Rural Society* Jan Douwe van der Ploeg, Jingzhong Ye, 2016-05-20

China's agriculture and rural society has undergone rapid changes in recent years Many poorer farmers and younger people have moved to cities and yet China has an immense challenge to feed a growing and more affluent population This book provides a bottom up view of China's agriculture showing how the many millions of Chinese peasants make a living It presents a vivid description of the mechanisms used by rural households to defend and sustain their livelihoods increase their agricultural production and improve the quality of their lives The authors examine the newly emerging trajectories of entrepreneurial and capitalist farming and assess whether such alternatives will be able to meet the enormous social economic and environmental challenges that China faces The book also explores the paradigm that has underpinned the organisation and development of China's agriculture from ancient times to the present day This shows the importance of balancing in the Chinese model as compared to the one-sided imposition of continual modernization in the western model It is argued that such balancing is at the core of the current Sannong policy referring to the three ruralities of food sovereignty wellbeing for peasant households and an attractive countryside *The Journalism Behind Journalism* Gina

Baleria, 2021-08-11 Today's journalists need to know both the skills of how to write interview and research as well as skills that are often thought of as more intangible This book provides a practical how to approach for developing honing and practicing the intangible skills critical to strong journalism Individual chapters introduce journalism's intangible concepts such as curiosity empathy implicit bias community engagement and tenacity relating them to solid journalistic practice through real world examples Case studies and interviews with industry professionals help to further establish connections between concept and practice and mid chapter and end of chapter exercises give the reader a concrete pathway toward developing these skills The book offers an important perspective for the modern media landscape where any journalist seeking to make an impact must know how to contextualize events hold power to account and inform their community to contribute to a healthy democracy This is an invaluable text for courses in journalism skills at both the undergraduate and graduate level and anyone training the next generation of journalists **Public Diplomacy in Vietnam** Vu Lam, 2022-08-12

This book explores how Vietnam's leadership conceptualises and conducts public diplomacy PD and offers a comparative analysis with regional powers Drawing on social constructivism as its theoretical framework it investigates the rationale

behind an authoritarian regime's implementation of public diplomacy to contribute to a better understanding of the broader framework of foreign domestic policy. This theoretical and practical exploration of Vietnam's PD in cases of cultural diplomacy, South China Sea diplomacy and online activism situates it in the general academic and theoretical discussion on soft power. Key variables to the conceptualisation and conduct of Vietnam's PD namely national interest, national identity and changing information technologies especially the Internet and social media are also thoroughly investigated. With crosscutting themes ranging from politics and international relations to communication studies it will appeal to students and scholars of identity, politics, populism and nationalism.
