Employment Jamie Woodcock, 2023-05-23 Employment A Key Idea for Business and Society introduces a topic that many of us take for granted yet is central to how we understand business and management. Most people work for the majority of their lives and in recent years employment has become a topic of popular debate particularly asking what the future of work could be. The major debates in employment are introduced, providing theories for readers to develop their own perspectives. In particular, the book reappraises management theory, the role of workers, agency in changing work, surveys the state of current research and methods and sketches out the key changes on the horizon for employment.
