**Biological Invasions in South Africa** Brian W. van Wilgen,John Measey,David M. Richardson,John R. Wilson,Tsungai A. Zengeya,2020-03-10 This open access volume presents a comprehensive account of all aspects of biological invasions in South Africa where research has been conducted over more than three decades and where bold initiatives have been implemented in attempts to control invasions and to reduce their ecological economic and social effects It covers a broad range of themes including history policy development and implementation the status of invasions of animals and plants in terrestrial marine and freshwater environments the development of a robust ecological theory around biological invasions the effectiveness of management interventions and scenarios for the future The South African situation stands out because of the remarkable diversity of the country and the wide range of problems encountered in its varied ecosystems which has resulted in a disproportionate investment into both research and management The South African experience holds many lessons for other parts of the world and this book should be of immense value to researchers students managers and policy makers who deal with biological invasions and ecosystem management and conservation in most other regions

**No Regrets in the Evening of Life** Neville Buch,2018-03-14 The type of local and school history before the reader may be unfamiliar It is a definitive and scholarly history in the style of many grammar school histories in Queensland Although it is not unknown for Australian public and private schooling it is unique for Queensland state schools By saying it is a definitive and scholarly history what is meant is not that the history is complete only that it reaches decisive conclusions in a substantive treatment In this particular case the historian is someone who has been trained at the level of a higher degree
