

As you can see, the underground railroad was very important for many reasons. I think you should know about some of the brave people who worked on the underground railroad. The first person I want to tell you about is Levi Coffin. He was president of the UGF and he helped 3300 slaves escape. That is amazing! Another important person was John Brown. In December 1858 he freed 11 slaves from a Missouri plantation and took them 1500 miles on a journey to Canada and true freedom. He risked his life and all his possessions to help these 11 people have a life of freedom. Finally, I want to talk about the most famous of all, Harriet Tubman. She was once a slave, but she escaped from freedom. Once she was free, she was not satisfied to sit around and enjoy her freedom. She became a conductor on the underground railroad and saved over 300 slaves during her time as a conductor. She was one of the most wanted conductors with huge rewards posted for her capture. Regardless, she kept up her brave work and helped to free many of her enslaved brothers and sisters. That is why she was such an important person on the underground railroad.
