Paragraph Writing Rubric College:

Guide to College Writing Assessment Peggy O'Neill, Cindy Moore, Brian Huot, 2009-04-15 While most English professionals feel comfortable with language and literacy theories assessment theories seem more alien English professionals often don't have a clear understanding of the key concepts in educational measurement such as validity and reliability nor do they understand the statistical formulas associated with psychometrics But understanding assessment theory and applying it by those who are not psychometricians is critical in developing useful ethical assessments in college writing programs and in interpreting and using assessment results *A Guide to College Writing Assessment* is designed as an introduction and source book for WPAs department chairs teachers and administrators Always cognizant of the critical components of particular teaching contexts O'Neill Moore and Huot have written sophisticated but accessible chapters on the history theory application and background of writing assessment and they offer a dozen appendices of practical samples and models for a range of common assessment needs Because there are numerous resources available to assist faculty in assessing the writing of individual students in particular classrooms *A Guide to College Writing Assessment* focuses on approaches to the kinds of assessment that typically happen outside of individual classrooms placement evaluation exit examination programmatic assessment and faculty evaluation Most of all the argument of this book is that creating the conditions for meaningful college writing assessment hinges not only on understanding the history and theories informing assessment practice but also on composition programs availing themselves of the full range of available assessment practices

Rubric Nation Michelle Tenam-Zemach, Joseph E. Flynn, 2015-04-01 What is a rubric and how are they being used in teacher education and evaluation When did rubrics become ubiquitous in the field of education What impact do rubrics have on students teachers teacher educators and the educational enterprise This book is an edited volume of essays that critically examine the phenomenon of rubrics in teacher education evaluation and education more broadly Rubrics have seen a dramatic rise in use and presence over the past twenty five years in colleges of education and districts across the country Although there is a wealth of literature about how to make rubrics there is scant literature that explores the strengths and weaknesses of rubrics and the impact the rubric phenomenon is having in reshaping education The chapters included in this edited volume will critically reflect on the contemporary contexts of rubrics and the uses and impact of rubrics in education Since rubrics have become indelible in education it is necessary for a fuller nuanced discussion of the phenomenon Creating a book that explores these aspects of rubrics is timely and

fundamental to expanding the discourse on this ubiquitous evaluation tool This book is not meant to be a series of chapters dedicated to best practices for creating rubrics nor is this text meant to present all sides of the rubric discussion Rather this text intends to offer critical polemics about rubrics that can spur greater critical discussion about a phenomenon in education that has largely been unquestioned in the literature

Assessing and Improving Student Writing in College Barbara E. Walvoord, 2014-07-07 Step by step guidance for shaping better writers while keeping faculty workloads manageable Effective communication is a critical skill for many academic disciplines and careers and so colleges and universities and their faculty members are rightfully committed to improving student writing across the curriculum Guiding and assessing student writing in classrooms general education and departments takes knowledge planning and persistence but it can be done effectively and efficiently Written in the concise accessible style Barbara Walvoord is known for *Assessing and Improving Student Writing in College* A Guide for Institutions General Education Departments and Classrooms offers administrators program chairs general education leaders and classroom instructors the guidance they need The book provides concrete suggestions for how to Articulate goals for student writing Measure student writing Improve student writing Document that improvement The book begins by addressing four basic concepts what we mean by writing what we mean by good writing how students learn to write and the purposes of assessment Next Walvoord explains the various approaches and methods for assessing writing urging a combination of them adapted to the institution s purposes and political context After this introduction successive chapters offer realistic practical advice to institution wide and general education leaders department members and classroom instructors Walvoord addresses issues such as how to engage faculty how to use rubrics how to aggregate assessment information at the department and institutional levels and how to report assessment information to accreditors The chapter for classroom instructors offers practical suggestions how to add more writing to a course without substantially increasing the grading load how to construct writing assignments how to make grading and responding more effective and time efficient how to address grammar and punctuation and how to support students whose native language is not English The book also includes four helpful appendices a taxonomy of Writing Across the Curriculum WAC and Writing in the Disciplines WID programs sample outlines for faculty development workshops a student survey on teaching methods instructors can use to inform their choices in the classroom and a student self check cover sheet designed to help students take ownership of their own learning and responsibility for turning in complete correct assignments Practical step by step guidance for each point in the assessment and improvement process creates a cohesive institution wide system that keeps students faculty and administrators on the same page
