

The image shows a Philips IntelliVue MX700 bedside patient monitor. It is a large, black, rectangular device with a wide screen. The screen is currently black, but there are some faint red and blue indicators at the top. Below the screen, the Philips logo is visible. To the left of the main monitor is a smaller, white, handheld device, also a Philips IntelliVue MX700, which has a smaller screen and several buttons. A blue cable is connected to the side of the handheld device. The background is a plain, light-colored wall.
