If your TV has only a single antenna in jack, you will need an accessory RF modulator. The RF modulator converts the video from the DVD system so it can play through the TV's Antenna connector. Refer to your owner's manual for proper connection (refer to page 9 in the owner's manual).

When listening to TV programmes, press TV button on the remote to set the DVD system to TV mode in order for the sound to be heard.

For connecting to a VCR, see page 11 in the owner's manual for more details.
