## **Philo And The Epistle To The Hebrews:**

*Philo and the Epistle to the Hebrews* Ronald Williamson,1970 For many students of the N T the problem of the relationship between Philo and the Epistle to the Hebrews is one that has long been satisfactorily settled It is regarded as an established conclusion that the Writer of Hebrews wrote under the influence of that fundamental tenet of Platonic philosophy The unchanging Realities we can apprehend by the mind only the senses can show us only transient and imperfect copies of reality It is also generally agreed particularly but not only among British N T scholars that the influence of Plato s philosophy upon the Epistle was mediated through the writings of Philo the Jew whose own language and thought it is claimed made a powerful impact upon the vocabulary and ideas of the Epistle This enquiry has been undertaken in the belief that there is much to be said for the view that Philo s influence on early Christian thought has doubtless been exaggerated Introduction pages 1 and 8

**Philo and the Epistle to the Hebrews** Ronald Williamson,1970 **The Letter to the Hebrews** Sigurd Grindheim,2023-11-28 What does the Letter to the Hebrews have to say to Christians today A compelling exhortation to hold true to the faith in the face of adversity A sermon full of iconic imagery and Old Testament allusions A signal work of theology in the New Testament Above all the Letter to the Hebrews proclaims the high priesthood of Jesus Christ Yet readers may find this central theme difficult to discern given the epistle s complexity and long history of interpretation In this Pillar commentary Sigurd Grindheim richly illuminates the Letter to the Hebrews explaining difficult texts offering a coherent reading and paying careful attention to linguistic features and historical context all while focusing on its relevance to modern readers Grindheim clearly and comprehensively addresses major issues including authorship date canonicity formal qualities and important themes Following his thorough introduction he explains each line of the text and its significance for believers today Grindheim s commentary offers pastors students and scholars the clarity and fresh insights they want in their scriptural study

Runia,2025-01-12 Philo of Alexandria was a Jewish statesman philosopher and religious thinker A significant amount of his literary corpus was preserved by Christian hands and thereby came to resource numerous theologians in the Christian tradition After passing into obscurity in Jewish circles in antiquity Philo was rediscovered in the Italian Renaissance and came to feature in Jewish tradition once again Philo s works straddle an interest in exegesis and philosophy and the multi faceted contents of his thought ensured a long history of reception among readers with their own agendas This authoritative and systematic collection of essays by an international team of experts surveys Philo s reception from the time of his immediate contemporaries to the present day The book unfolds over six sections the first centuries late antiquity the middle ages the renaissance and early modern period from the eighteenth to the twentieth centuries and contemporary perspectives [Neotestamentica et Philonica](#) David Edward Aune,Torrey Seland,Jarl

Henning Ulrichsen, 2014-04-09 *Neotestamentica et Philonica* is a collection of eighteen essays by an international group of scholars in honor of Peder Borgen. They treat aspects of the study of the historical Jesus, Paul and his Letters, the Gospel of John and Philo of Alexandria. These essays represent the cutting edge of New Testament and Philonic scholarship and will be important resources for students of these subject areas.

Moses Stuart, 1834 *The Letter to the Hebrews: Critical Readings* Scott D. Mackie, 2018-04-05 The Letter to the Hebrews is a key text in the New Testament canon. It has recently received a great deal of attention, prompting a resurgence of scholarly works and a need to re-engage with some of the foundational works of scholarship on the text. The history of research on Hebrews is presented in this volume of critical readings, edited by Scott D. Mackie. The volume is organized thematically, addressing the following sub-areas: theology, Christology, and pneumatology; eschatology, authorship, and audience; structure and Greco-Roman influences; the relationship with contemporaneous Judaism and soteriology. Each section is prefaced by an introduction and summary of the particular theme in Hebrews. At the end of each section is an annotated bibliography to point researchers towards further readings in and engagements with these key themes.

**Christology, Hermeneutics, and Hebrews** Jon C. Laansma, Daniel J. Treier, 2012-03-01 This book discusses the history of the interpretation of the Letter to the Hebrews across the last two millennia. Beginning with the Patristic period, essays go on to examine the responses of Thomas Aquinas, Martin Luther, John Calvin, as well as more recent figures such as Karl Barth and contemporary global interpreters. The premise behind the work is to move study of Hebrews away from the perennial arguments about its authorship and provenance and to instead engage with it from a theological perspective focusing upon the text's reception history. Consequently, the issue of the Christological message in Hebrews is at the forefront and is considered both in terms of the interpreter's context and historical setting. At the end of the book, the investigations are summarised and responded to by leading scholars: Harold Attridge, Donald A. Hagner, and Kathryn Greene-McCreight, providing a fitting conclusion to a radical academic project.

*Toward a Priestly Christology* Adriani Milli Rodrigues, 2018-11-02 *Toward a Priestly Christology* is a constructive theology on the person and work of Christ from the standpoint of a systematic thinking about his priesthood. This priesthood is usually discussed in biblical scholarship on the Christology of Hebrews and also explored in historical or systematic theology with its connections with soteriology and ecclesiology. However, there is a scarcity of studies that attempt to systematize this topic in its basic components and their

ontological foundations in order to provide conceptual clarity for a constructive discussion of the priestly Christology in systematic theology The book makes a contribution to this discussion by engaging firstly with the main models of Christ's priesthood in Christian theology and then with a theological reading of the letter to the Hebrews In both steps the author conceptually articulates the priesthood in terms of need agent actions and goal Then he observes the conceptual articulation from the macro hermeneutical point of view of ontology especially noticing how assumptions on time and space impact the internal logic of Christ's priesthood By using existing models of this priesthood as heuristic tools for systematic thinking the work attempts to push Christian theology toward a more dynamic understanding of Christ's priesthood especially regarding the relationship between the ascended Christ and our Christian life      *The Epistle to the Hebrews* Alexander Nairne, 2014-05-29 Originally published in 1917 this book presents the Greek text of the Epistle to the Hebrews edited by British theologian Alexander Nairne      Reading Hebrews in Context Zondervan, 2023-01-31 Study Hebrews in its Second Temple Context Following the proven model established in *Reading Romans in Context* *Reading Mark in Context* and *Reading Revelation in Context* this book brings together a series of accessible essays that compare and contrast the theology and hermeneutical practices of the book of Hebrews with various early Jewish literature Going beyond an introduction that merely surveys historical events and theological themes this textbook examines individual passages in Second Temple Jewish literature in order to illuminate the ideas and emphases of Hebrews varied discourses Following the rhetorical progression of Hebrews each chapter in this textbook pairs a major unit of Hebrews with one or more sections of a thematically related Jewish text introduces and explores the historical and theological nuances of the comparative text shows how the ideas in the comparative text illuminate those expressed in Hebrews In addition to the focused comparison provided in the essays *Reading Hebrews in Context* offers other student friendly features that help them engage broader discussions including an introductory chapter that familiarizes students with the world and texts of Second Temple Judaism and a glossary of important terms The end of each chapter contains a list of other thematically relevant Second Temple Jewish texts recommended for further study and a focused bibliography pointing students to critical editions and higher level discussions in scholarly literature they might use to undertake their own comparative studies      **Hug's Introduction to the New Testament** Johann Leonhard Hug, 1836      *Hellenistic Jews and Consolatory Rhetoric* Christine R. Trotter, 2023-12-08 Christine R Trotter elucidates how Hellenistic Jewish writers attempted to comfort those living in the midst of and in the wake of persecution and violence While past scholarship has explored this question primarily in terms of the development of Jewish apocalypticism and afterlife beliefs Christine R Trotter takes a comprehensive approach by investigating how Hellenistic Jewish authors engaged with ancient consolatory rhetoric that is the means of persuasion intended to move a suffering person out of grief and into joy Through studies on 2 Maccabees the Wisdom of Solomon 1 Thessalonians and Hebrews the author explicates how Hellenistic Jewish authors navigated the diverse traditions of consolation within their

biblical heritage and Greco Roman culture Her work has important implications for the genre of 1 Thessalonians and the dates of composition of the Wisdom of Solomon and Hebrews
