Philosophy And Education An Introduction In Christian 12291:

International Perspectives on Modern Developments in Early Childhood Education Huertas-Abril, Cristina A., Gómez-Parra, María Elena, 2020-06-26 Through different approaches like toys and play children explore and know the rules and symbols of their communities and recreate roles and situations that reflect their sociocultural and 21st century plurilingual world As a result they learn how to subordinate desires to social rules cooperate with others willingly and engage in socially appropriate behavior When they are evaluated together psychologically there is a current need for action to increase the amount and quality of play provided to children Since discrepancies are observed between urban and rural areas as well as among different cultures there is also a need for a research initiative where cultures can learn and take advantage of the experiences of each other **International Perspectives on Modern Developments in Early Childhood Education** is an essential scholarly publication that identifies ways of intertwining key areas of early childhood education including international approaches intercultural education bilingual plurilingual education and the role of play and toys as means for meaningful intercultural and multilingual learning By incorporating a view of different cultures societies languages and educational experiences in early childhood education this volume provides data for international and intercultural exchange for the benefit of children Highlighting a range of topics such as educational systems play therapy and games this book is ideal for early childhood teachers educators academicians researchers professionals psychologists sociologists and students

The Virtues of Endurance Nathan L. King, 2025-03-19 The virtues of endurance perseverance patience resilience and constancy are central to success in any goal oriented challenging activity that a person undertakes Gaining a rich understanding of these virtues requires insights from multiple areas of study but most treatments of the virtues of endurance to date have remained within narrow disciplinary boundaries No longer In this volume philosophers psychologists legal scholars educational theorists medical practitioners military theorists and theologians have labored together to advance our understanding of endurance Written with scholars in mind this volume is nevertheless accessible to students and general readers This volume is divided into two sections Explorations and Applications The first section considers the nature of a given virtue while the second section showcases the relevance of endurance to important areas of our lives Taken as a whole this volume provides a comprehensive overview of this ever important virtue offering both a theoretical and practical roadmap to working through challenging activities
