Putting God Into Einstein's Equations Marcia Pollock, 2012-04 Putting God Into Einstein's Equations Energy of the Soul is the direct outcome of an unusual and unique collaboration by soul mates Marcia and Jerry Pollock spanning the spiritual and physical worlds Marcia is deceased and her contributions come from the powerful intelligent energy of her Divine soul which is without her physical body in the spirit world Jerry is alive with his Divine soul which is constrained within his physical body on planet Earth Communicating through thought energy telepathy or channeling the authors have written this exquisitely simply explained book in their humble attempt of gratitude to bring new knowledge to the understanding of God's Essence and our world The Creator Himself has endorsed our book TRUTH LOVE AND WISDOM LIE WITHIN THESE PAGES Putting God Into Einstein's Equations Energy of the Soul is a provocative book that will stay with you long after you finish reading it Have you ever wondered about how a psychic contacts a spirit or where God comes from The book answers questions about God the big bang Einstein's Relativity Equations and how they fit in with God's energy soul mates and love the spirit world of souls past lives telepathic thought energy communication channeling removing negative body soul energy intelligence of the soul independent and combined functions of the soul versus the human brain acquiring spirituality miracles resurrection and reincarnation the Devil good and evil science and spirituality Creation and Evolution and how a new soul that God will give us in the future Messianic Age at the End of Days will allow us to live for the eternity according to Einstein's Equations God is energy and so is our Divine soul Each of us receives a tiny piece of God's virtually infinite energy and the difference

between our energy and that of God is simply the enormous difference in order of magnitude when comparing God's energy to ours. The behavior of this energy mirrors the equations brilliantly originated and described by Albert Einstein with two exceptions: the mass m referenced in Einstein's famous equation $E = mc^2$ is a special Mass M originating in God's energy particles and God's and our soul energy travels at one million times the speed of light c or 186 billion miles per second. In fact, this Mass is the source of the independent intelligence and sensory properties found in the soul of all human brains.

Putting God Into Einstein's Equations Energy of the Soul is a provocative and compelling book that weaves together empirical scientific observation, academic research, and theoretical and theological considerations bolstered by revelatory first-hand testimony bearing witness to the existence of the Divine soul in both the physical and spirit worlds. Contained in the pages of **Putting God Into Einstein's Equations** are moving personal reflections on the author's life experiences from the thrill of discovering one's true soul mate to both traumatic and joyous events like a descent into bipolar depression, Divine miracles, and the pain and loss associated with the death of a loved one. Equally explored and discussed are practical first-hand experiential techniques for hypnotic spiritual world regression and directing spiritual energy and using light to alleviate negative forces. Above all else, **Putting God Into Einstein's Equations** seeks to advance an awareness and comprehension of God drawing upon points of reference as diverse as Qigong and yoga to the word of rabbinical scholars.
