**Game of Mind Manipulation** Instafo, Edwin Piers, 2019-07-25 Win and Beat Manipulators at Their Own Games A game can be defined as an activity that has rules for winning and losing Contrarily another definition of it is to use those rules of an activity to get what you want in a way that is dishonest Whether you want to admit it you are already playing a game called life and in it there are those who live by the latter definition willing to cheat the game via manipulation What is manipulation It s the controlling of an individual through misleading means in order to get something that these manipulators want whether money power relationship or sex Many people are victims of others manipulative behaviors on a regular basis without realizing it including you Think about those people from your life ranging from families and friends to acquaintances and strangers you ve met on the street Were there ever times when you had a gut wrenching feeling in your stomach that something was wrong and it turned out to be they were manipulating you How did it make you feel Confused Angry Miserable Nobody likes being taken advantage of but unfortunately it s a part of human nature throughout history to want to assert control over others as survival of the fittest Being ignorant to that will only continue to make you a victim If you only knew the rules of the game and how to play it you could have prevented the manipulation But now you can do something about it by fighting back and beating the manipulator at their own mind games with Game of Mind Manipulation By taking a page out of their playbook you ll be guided on the following Entrance inside the mind of master manipulator Patterns for predicting manipulator s next move Subtle manipulations going on behind the scene Traits shared among most common manipulators Tactics to stop manipulator dead right in the track In depth look into the most pervasive mind games Expert solutions for specific manipulative behaviors And much more Who said the game of life was going to be easy While it may not always be ideal due to all the manipulative characters out there it certainly can be beaten and won once you know all the right signs to look for and have the right strategies to maneuver Either you play it to win it or get played by it to lose it The choice is yours Make your first move now and checkmate
