Luv in a Young Ratchet City Boss Renessa D Jackson,2024-07-01 Raylexia Gavion had been carrying the weight of her world for as long as she could remember From taking care of her siblings after her grandmother passed to juggling school and work she d been in survival mode since she was a child But Raylexia She was more than just a survivor She was a hustler and she wasn t about to let life or circumstances knock her down No Raylexia was focused locked in on her goals and determined to make it out the mud She walked the fine line between street smarts and book knowledge knowing one without the other wouldn t be enough School despite its challenges was a means to an end for her The classroom was just another battlefield where grades were the currency for her future Every class every assignment every test she handled them like a boss But even with all that the responsibilities at home were never far from her mind Her siblings depended on her They didn t ask for it but Raylexia had become the glue holding them all together even when her world felt like it was coming apart at the seams From making sure homework was done to getting food on the table she played every role necessary sister parent and sometimes counselor when things got too real Still Raylexia s dream was bigger than her day to day hustle She wasn t about to let her current situation define her future She had a vision one that would pull her and her family out of the struggle for good Owning a business being her own boss and creating something that would last something no one could take away from her Her friend Shamena always had a thing for hair Deana for fashion Shayla for decoration and Johnya for touch massage They all had a knack for making people look and feel good Cosmetology seemed like the path But more than that it was their way out While some of their peers were chasing guys and living for the moment Raylexia and her friends were planning stacking their money and plotting their next moves That s where our crew was different from the rest We weren t just friends we were each other s backup Deana Shamena Johnya and Shayla each of them had their own struggles but together they were a force They understood Raylexia s drive because they had their own ambitions too It wasn t just about surviving the streets or getting by it was about rising above it building something that would last It started small late night talks after shifts brainstorming sessions over cold pizza But soon the vision became real Raylexia with her natural leadership and business acumen led the charge They pooled their resources saved every dollar and made sacrifices that others couldn t understand It wasn t glamorous but nothing worth having ever was They hit the grind balancing jobs family obligations and

their hustle on the side We gon make it y all Just wait Raylexia would say her voice steady eyes sharp with focus She believed it And when she spoke the others believed it too Bad Elements: Crystal Dragon Lynn Mullican,2012-06 Crystal Bouchard awakens imprisoned in an underground cell with no recollection of how she got there and with no memory of her prior existence Held against her will her captors threaten to kill her son unless she fights to the death in the underground fighting circuit Nicknamed The Dragon she spends the next several years among werewolves and vampires first as tortured prisoner and then as cherished lover During the course of searching for her son she slowly begins to recollect her prior existence before her imprisonment pushing her deeper within the fighting circuit **A Womb of Her Own** Ellen L.K. Toronto,Joann Ponder,Kristin Davisson,Maurine Kelber Kelly,2017-02-03 Gender and body based distinctions continue to be a defining component of women s identities both in psychoanalytic treatment and in life Although females have made progress in many areas their status within the human community has remained unstable and subject to societal whim A Womb of Her Own brings together a distinguished group of contributors to explore from a psychoanalytic perspective the ways in which women s sexual and reproductive capabilities and their bodies are regarded as societal and patriarchal property not as the possession of individual women It further examines how women have been viewed as the other and thus become the focus of mistreatment such as rape sexual slavery restriction of reproduction rights and ongoing societal repression Postmodern gender theories have greatly enhanced understanding of the fluidity of gender and freed women from repressive stereotypes but attention has shifted prematurely from the power differential that continues to exist between men and women Before the male female binary is transcended the limitations imposed upon women by the still prevailing patriarchal order must be addressed To this end A Womb of Her Own addresses issues such as the prevalence of rape culture and its historical roots the relationship of the LGBT movement to feminism current sexual practices such as sexting and tattooing and their meaning to women reproductive issues including infertility adoption postpartum depression and the actual experience of birthing all from the perspectives of women The book also explores the cultural definitions of motherhood and how such definitions set exacting standards both for the acceptable face of motherhood and for women generally While women s unique anatomy and biology have historically contributed to their oppression in a patriarchal society it is the exploration and illumination of these capabilities from their own perspective that will allow women to claim and control them as their own Covering a broad topical range of contemporary subjects A Womb of Her Own will appeal to psychoanalysts psychoanalytic psychotherapists as well as scholars and students of gender and women s studies One Good Thing Kacey Shea,2019-10-08 I have nothing to offer a woman like Cora Not what she deserves yet I want her anyway I never expected to meet the woman of my dreams in a coffee shop Especially when she s a famous Hollywood actress and I m nothing but an overworked underpaid barista Only I already have someone special my son Providing for him and getting through college are my top priorities Dating while juggling single fatherhood isn t Cora Bentley deserves a partner who can offer her the world But the heart wants what it
