American Educational History Journal entitled Snapshots of Educational History Portraits of the 21st Century Pandemic is the  
first special issue in the history of AEHJ The word unprecedented has literally been used thousands of times during 2020 by  
news outlets in our work environments and in our daily lives And indeed the global pandemic has killed over 600 000 in the  
United States alone at the time of this writing The public health crisis shut down everything as we knew it Captives of  
sheltering in place scores of incidents displaying horrific police brutality against people of color streamed live on airwaves  
north south east and west begetting civil unrest across the country These are circumstances unlike any we have experienced  
in our lifetimes As historians it is critical that we document this time of crisis so that generations to come can bear witness to  
this time of turmoil and tragedy With these ideas in mind the American Educational History Journal sought to hear from  
historians and other scholars about this unique and devastating time in our country s history The Journal honors the  
traditions of oral history and narrative storytelling as a means to gather the voices of those whose lives have been touched by  
the COVID 19 crisis literally everyone around the globe This special issue deviates a bit from traditional AEHJ requirements  
in that we specifically invited narratives not be full blown historical research studies The point of this special issue is for  
authors themselves to serve as the archival material that will benefit future scholars interested in understanding what it  
meant to live through this health catastrophe while doing the work of educators We believe we owe it to the historians of the  
future to share our voices in real time      **Boys' Life** ,1966-07 Boys Life is the official youth magazine for the Boy Scouts of
