## Sun Mage Blacklight Chronicles Two:

**Sun Mage** John Forrester, 2012-01-03 Talis and Mara will have to use their wits to escape slavery and trek out into the jungle Foul fields of undead will trap them Twin ancient cities one of light and one of darkness one ruined and one hideous in its power Only one map can guide them **Fire Mage** John Forrester, 2011-11-11 Talis Storm and friend Mara discover a terrible secret The Jiserian Empire has targeted their city for attack To save his city Talis must discover the power of magic locked away inside the ancient temple **Shadow Mage** John Forrester, 2012-09 Talis glimpses an alien world where Rikar his old friend and traitor is being tortured He is tempted down a dark path leading to the forbidden knowledge of Shadow Magic the magic he needs to keep from going insane The feud between the royal houses of Naru has Talis and Mara caught in the middle and once again threatens their friendship And the magical Order of the Dawn distances themselves from Talis pushing him aside to study the discarded magical art of runes With civil war looming Jiserian sorcerers again invade the city of Naru and Talis must rise to help protect their city A mysterious sorcerer from the Tarasen Islands arrives with eyes on the black crystal aiming to create a World Portal to the planet where Aurellia and his Elders have escaped Talis finds his heart wrenched between saving his city and saving the one closest to his heart Even after being trapped on an alien world with no way back home Talis realizes that his friendship with Mara and Nikulo is the key to their fate and survival [Black Sun Light My Way](#) Jo Spurrier, 2014 The thrilling sequel to the fantastic WINTER BE MY SHIELD Return to the wintry landscape of Ricalan and the magnificent storytelling of Jo Spurrier in BLACK SUN LIGHT MY WAY Sierra has always battled to control her powers but now her life and Isidro s depend on keeping her skills hidden from the Akharians as they draw closer to Demon s Spire In the relics left by Ricalan s last great mage Isidro hopes to find the knowledge Sierra needs to master her powers but instead uncovers his own long buried talent for magecraft When Sierra s untrainable powers turn destructive she has nowhere to turn for help but to the uncertain mercy of an old enemy What will Rasten do when she returns to his hands at last When Isidro believes he has lost all he loves he finds comfort in the arms of the Akharian mage Delphine But soon he is called into battle once again to stand against the greatest evil the north has ever known [The Dark of the Sun](#) Kyri Freeman, 2014-12-02 In the second book of the Sun Saga the People struggle to survive as deadly winter falls upon the world The High King Selirien fights to keep his realm alive even as he faces open enmity false allies and his own weaknesses Altir Ilanarion must make a terrible choice between loyalties The few who survive the Winter will not do so unchanged I wrote The Dark of the Sun in 2014 so there was a long gap between the writing of the first book and the second and some definite changes in my level of life experience which I think the second book reflects I wanted to create a world based on the natural ecosystems of wild California to examine twist and possibly abuse some of the tropes of classic high fantasy and to create a nonhuman species who would be not only intriguing but at least somewhat scientifically believable if you take epigenetic theory a bit beyond the beyonds After I had written the first book a character who had been somewhat of a villain was

dissatisfied with how he had been portrayed and insisted upon having the next volume told from his point of view Whether he remains a villain is up to the reader to decide It would be possible to start with this book and understand the world and the plotline but starting with Stealing the Sun is recommended There is no human POV anywhere in this series as it is entirely from the point of view of the People and to find out who and what the People are start reading Readers have praised the drama and narrative drive of these books finding them hard to put down once started      **Shadows** Noeland Collins,1995

**Shadow Sun Progression** Dave Willmarth,2020-03-29 Allistor now both a Planetary Prince of Earth and Emperor of Orion and faces a new set of challenges Thrust completely unprepared into the realm of interplanetary politics he must navigate the pitfalls of dealing with more powerful races and factions At the same time he strives to continue his mission to strengthen the human race To bring other survivors into the fold and claim as much of the earth as possible for humans Class trainers must be found if his people are to have a chance to thrive Hard choices have to be made New and deadly enemies surface and friends are lost Allistor s acquisition of a particular artifact places a target squarely on his back And behind it all the Ancient Ones continue to meddle in Earth s affairs
