

## Before using the mixer for the first time

Wash the beaters, dough hooks, and bowls in warm, soapy water. Rinse and dry thoroughly.

## Assembling the stand mixer

Before assembling the mixer, be sure the Mix-Finder dial is in the OFF position and the electric cord is unplugged.

### Attaching the turntable

Place the mixer stand on a clean table or counter top.

For the models with the bowl shift lever, the ball bearing is part of the stand. For these models, insert the turntable pin into the ball bearing socket.

For other models, the turntable includes a ball bearing extension. Insert the ball bearing extension into either the large or small bowl socket on the base of the stand depending on which bowl you are using.

### Adjusting the bowl shift lever (For some models only.)

The bowl shift lever is located on the side of the mixer stand. Press down on the lever and slide it to the LARGE BOWL or the SMALL BOWL setting, depending on the size of the bowl to be used.

### Attaching the mixer head

Press in on the mixer-release trigger, located at the rear of the stand. Place the mixer head on the stand so that the metal pivot on the bottom of the mixer head goes into the latched opening on the top of the stand.

As you release pressure from the mixer-release trigger, the top of the latch should clamp around the metal pivot.

Be sure the mixer head is securely in position before using.

**NOTE:** This mixer is NOT intended for use away from the stand.

### Adding the mixing bowl

Place the desired mixing bowl onto the turntable so that the groove in the bottom of the bowl fits into the correct groove in the turntable.

Mixing bowls should NEVER be used in an oven, on top of the range, or on any other heated surface.

### Attaching the beaters

Be sure the Mix-Finder dial is in the OFF position and the electric cord is unplugged.

Lift mixer head up and back to tilt it out of the way of the bowl, while holding in an upright position.
