Leipsic by one of the most distinguished of German publishers the late Baron Bernhard Tauchnitz whose son is now at the head of the house The father records that he was incited to the undertaking by the high opinion and enthusiastic fondness which I have ever entertained for English literature a literature springing from the selfsame root as the literature of Germany and cultivated in the beginning by the same Saxon race As a German Saxon it gave me particular pleasure to promote the literary interest of my Anglo Saxon cousins by rendering English literature as universally known as possible beyond the limits of the British Empire In another place Baron Tauchnitz describes the mission of his Collection to be the spreading and strengthening the love for English literature outside of England and her Colonies

*Techniques* Ettore Amato,2021-06-15 As far as I am aware Tourist Guide Techniques have not previously been the subject of many manuals I have decided then to offer the future tourist guides everything my long career in the tourism field has taught me about the technical aspects of guiding This to help them to better understand their role as interpreters of what is observed and how to practise it efficiently There is no such thing as a universal way in which to guide tourists since this art and profession derives its uniqueness from the spontaneity and individual charisma of each tourist guide What is presented in this manual is a method based on assorted suggestions and procedures that will assist the tourist guides and establish a sound understanding of what they must know This manual therefore does not intend to supply a set formula which must be followed slavishly since that would inhibit the individual creativity which each tourist guide should possess Instead this manual provides a mean to better prepare them TECHNICALLY for their future tasks Author U.S.A.
