Suburban Boy Peter Doobinin, 2005-09-21 At thirty nine Peter returns to Bayview the Baby Boom suburb where he spent his formative years He checks into a crummy hotel and decides in a moment of inspiration to seek out his long lost childhood friend Willy Smithberger He s banking on Smithberger He s hoping if he reunites with Smithberger he might connect to something that something might be revealed He s hoping he might find a way out of his long festering pain and suffering and despair But it s not as simple as he might ve wished Smithberger proves to be something of a white whale a difficult to apprehend quarry On writing *Suburban Boy* I ve always thought I was fortunate to have grown up in the Baby Boom suburbs of Long Island Mine was a decidedly middleclass suburb overflowing with kids The days were marked by the sounds and images of the sixties Cronkite announcing JFK s death the Beatles protestors slamming the Viet Nam war My sense of life was formed in that atmosphere in the troubled environment of my suburban family in the strange days that followed In writing *Suburban Boy* I was interested in digging as deeply as possible into my feelings about these things that place that time At its heart the novel is about two subjects that have always been important to me friendship and the idea of home

P. Richards,2014-08-21 By 1900 the British had undertaken various types of urban planning in their colonial territories but the early twentieth century brought new ideas and the birth of the modern planning movement In India these new planning ideas inspired several specialized reports after 1900 most of which drew explicitly on British or occasionally German ideas The most complete of these studies was the Richards Report on Calcutta prepared for the Calcutta Improvement Trust and published in 1914 Its major concerns included the building and widening of roads slum clearance and improvement legislation and suburban planning As background it included written and visual documentation of living conditions through charts photographs and maps Richards emphasized that conditions in Calcutta differed greatly from those in urban Britain and made some allowance in that regard In general however his report exemplifies the attempt by British planners along with Indian elites to impose their vision on colonial cities Richards report was well received by leading British planners of the day A notice in *Garden Cities and Town Planning* claimed that it was the most complete report on town conditions and possibilities which has yet been issued While the immediate impact of the report in Calcutta is moot Richards was highly critical of the past practices of local officials and his views were unpopular with his superiors the Richards Reports remains a crucial insight into both the development of modern town planning and the colonial period in India **About England** David Matless,2023-06-17 A cultural history of Englishness and the idea of England since 1960 Brexit thrust long fraught debates about Englishness and the idea of England into the spotlight About England explores imaginings of English identity since the 1960s in politics geography art architecture film and music David Matless reveals how the national is entangled with the local the regional the European the international the imperial the post imperial and the global He also addresses physical landscapes from the village and country house to urban suburban and industrial spaces and he reflects on the nature of English modernity In short About England uncovers the genealogy of recent cultural and political debates in England showing how many of today s social anxieties developed throughout the last half century *Bourgeois Utopias* Robert
