Sandy Diane C. Bates, 2016-01-18 Sandy was the costliest hurricane in U S history after Katrina but the waters had barely receded from the Jersey coast when massive efforts began to Restore the Shore Why do people build in areas open to repeated natural disasters And why do they return to these areas in the wake of major devastation Drawing on a variety of insights from environmental sociology Superstorm Sandy answers these questions as it looks at both the unique character of the Jersey Shore and the more universal ways that humans relate to their environment Diane C Bates offers a wide ranging look at the Jersey Shore both before and after Sandy examining the many factors such as cultural attachment tourism revenues and governmental regulation that combined to create a highly vulnerable coastal region She explains why the Shore is so important to New Jerseyans acting as a key cultural touchstone in a state that lacks a central city or even a sports

team to build a shared identity among the state's residents. She analyzes post-Sandy narratives about the Jersey Shore that trumpeted the dominance of human ingenuity over nature such as the state's Stronger than the Storm advertising campaign or proclaimed a therapeutic community Jersey Strong narratives rooted in emotion and iconography waylaying any thought of the near certainty of future storms. The book also examines local business owners, politicians, real estate developers, and residents who have vested interests in the region explaining why the Shore was developed intensively prior to Sandy and why restoration became an imperative in the post-storm period. Engagingly written and insightful, *Superstorm Sandy* highlights the elements that compounded the disaster on the Shore, providing a framework for understanding such catastrophes and preventing them in the future.

Hitler's Doubles Peter Fotis Kapnistos, 2015-04-08 Was the brutal dictator of the 20th century the masked instrument of a double image delusion? Recently released war records reveal political decoys, doppelgangers, or body doubles. It is documented that the Nazi Fuhrer vetted at least four doubles. Look-alikes and crisis actors were used to impersonate Hitler in order to draw attention away from him and to deal with risks on his behalf. Hitler's Doubles details their names, their peacetime occupations, their deaths, and an escape to South America.

Cold War II Revision: Trump, Putin Summit The Cold War II Revision 2018 is a reworked and updated account of the original 2015 *Hitler's Doubles* with an improved Index. Ascertaining that Hitler made use of political decoys, the chronological order of this book shows how a Shadow Government of crisis actors and fake outcomes operated through the years following Hitler's death until our time together with pop culture memes such as Wunderwaffe, climate change, weapons, Brexit, Britain, and Trump's America. More Russians now have encouraging sentiments toward the U.S. for the first time since 2014. *Hitler's Doubles* covers modern world history events from WWII until today: The assassination of JFK, the Watergate scandal, the Iran hostage crisis, the Iran-Contra affair, the collapse of the Soviet Union, the attacks of 9/11, the appearance of the Islamic State with their cloaked backing of ex-Nazi interests. *Hitler's Doubles* includes much more information than its enigmatic title implies. This document is presented as a series of news articles in book form. Some material is repeated or revised. Many photos date back to pre-war times.

Italic text depicts a what-if scenario analysis by the author. Thanks to author Fritz Springmeier, biographer William Cross, who advised an update. This was fascinating. You seem to have found something important. John Kiriakou, former CIA officer and anti-torture whistleblower, author of *Doing Time Like a Spy: An Entire Grand Unified Conspiracy Theory of the Third Reich*. This book covers it all. Christian Ankerstjerne, Forum Staff, *Axis History*. WOW! That is one heck of a book. Your book lends proof that Adolf Hitler did not kill himself in the Bunker, nor did Eva. Harry Cooper, author of *Hitler in Argentina*. Wow! Your book just overwhelmed me and caught me by surprise as to what it got into. I wasn't expecting that. You've done a

Searching For Paradise T.L. Hughes, 2015-11-11 In his sophisticated debut novel T L Hughes draws on his New England upbringing in an Irish Catholic family to tell the story of his main character Mike Hogan's cross country venture from Southern California back to the small mill town where he grew up The lure of the road reunites Mike and his two travel companions with old friends family and acquaintances As the three friends bounce from place to place freeloading across the expanses of beautiful America they see life again through those they once knew and loved and through new friends and experiences In the process of it all they rediscover the goodness within themselves that was always there Searching For Paradise is a coming of age story filled with vivid imagery and resonating musical references to the artists and songs of the 1970s and 1980s Above all else it is a love story of great depth and beauty While Searching for Paradise by T L Hughes comes to us as a highway story the book is as much about the elemental pull of tribal roots as it is about the lure of the road Paul Marion The Lowell Sun Beautifully written and engagingly presented SEARCHING FOR PARADISE is a road trip where the characters drive back to their roots in search of where they came from but seek to transcend their past lives in search of something more exciting more attainable yet more liberating IndieReader Tom Wolfe's admonition that you can't go home again is belayed by the

experiences in Searching for Paradise Sure you can go home again and re view it from the vantage point of new insights and life experiences Connections between past and present are well done in a story that reveals just where this paradise is to be found D Donovan Senior Reviewer Midwest Book Review
