Faith, Medical Alchemy and Natural Philosophy John T. Young, 2018-08-13 Published in 1998 this is a fundamental re assessment of the world view of the alchemists natural philosophers and intelligencers of the mid 17th century Based almost entirely upon the extensive and hitherto little researched manuscript archive of Samuel Hartlib it charts and contextualises the personal and intellectual history of Johann Moriaen c 1592 1668 a Dutch German alchemist and natural philosopher Moriaen was closely acquainted with many of the leading thinkers and experimenters of his time including Ren Descartes J A Comenius J R Glauber and J S K ffler His detailed reports of relations with these figures and his response to their work provide a uniquely informed insight into the world of alchemy and natural philosophy This study also illuminates the nature and mechanisms of intellectual and technological exchanges between Germany The Netherlands and England **An**

American Anthology, 1787-1900 Edmund Clarence Stedman, 1901 *Letters and Documents* Søren Kierkegaard, 2009-10-25 This volume provides the first English translation of all the known correspondence to and from S ren Kierkegaard including a number of his letters in draft form and papers pertaining to his life and death These fascinating documents offer new access to the character and lifework of the gifted philosopher theologian and psychologist Kierkegaard speaks often and openly about his desire to correspond and the resulting desire to write for a greater audience He consciously recognizes letter writing as an opportunity to practice composition Unlike most correspondence Kierkegaard s letters expressly do not require a reply he insists on this as a principle while he clearly and earnestly yearns for a response to his efforts Among his other principles are purposefulness directness and the equality of a letter to a visit with a friend Kierkegaard preferred the former to the latter Perhaps more than anything else in print Kierkegaard s Letters and Documents reveal his love affair with the written word
