Wolfman, 2019-01-30 Children of all ages enjoy hearing a story read to them sometimes the same one over and over Reading aloud is more than reading words It involves some simple theatrical skills by using your voice to sound like a character in the story This makes the story come alive and is more interesting to the child The stories in this book are appropriate for all ages from preschool through adulthood Some of the stories are funny or silly some may touch a child's heart and some provide information a child may not know But all the stories are enjoyable There may be times when reading a story is not possible like while driving a car or walking through a store That's when the story can be told using your own creative adaptations Whether you read or tell a story make it a fun time for you both Enjoy the stories **The Stories Behind the Poses** Raj

islands were united and unified everything fell into place There was little contact with anybody outside of the region but this location was arguably the most beautiful in the world This nation was thought to be the center of Terra and among the most peaceful and spiritual Terrans ever known This was the legendary Kingdom of Lemuria The Great King of Lemuria was madly in love with his wife The queen and king had met at a young age and once their eyes locked there was no separating them In an instant as if fate itself had predestined their union love was actualized and manifested within one another King Abraxas son of King Apollo and Queen Minerva daughter of Queen Athena together they were Lemuria s most potentially prominent rulers Their love for one another was beyond limits boundless and immeasurable The richness of nature in this nation was a direct reflection of the strong bloodlines that have ruled this land for centuries The shared culture finances property and belongings was a true utopian design that no other nation on Terra had ever accomplished Everyone practiced their own spiritual and economic endeavors living out their own philosophy but with great regard and respect to the ancient practices of the royal family Although nobody was forced to believe what the royals believed they were all required to give their attention to one of the traditions It was required for every citizen of Lemuria to donate to the Kingdom on the first Friday the 13th of the year One liter of blood would be donated from their first born child and everyone had at least three children This tradition was one that had been ongoing for at least three centuries and nobody ever questioned royalty s intentions or desires This nation was the most peaceful and prosperous of all nations of the land with no homelessness or illness plaguing any of its citizens Everyone that was born in Lemuria never left this sacred land and everyone who would visit would be jealous and dream of citizenship in this majestic destination One could only visit Lemuria by invitation and with a Lemurian s invitation their own reputation being an extension and requirement of the invitation Few were chosen and even fewer accepted to remain The land of love was the emergence of the birthright of the most beautiful and attractive of Terra s leaders In this time and era King Abraxas and Queen Minerva would pour all their love into one child who would be given the keys to the Kingdom Heir to the throne and all its glory to the beloved and cherished lands of those worthy of its inheritance Her name would be Sophia the keeper of knowledge and liberator of oppression when it arrives The fulfillment of prophecy and the one who will bear the fruits of truth and wisdom She will be the daughter of perdition the righteous mother of the lost She was is and will be the long awaited Moon Child
