Hacker, Paul Pierson, 2016-03-29 A provocative Kirkus Reviews timely and topical work that examines what's good for American business and what's good for Americans and why those interests are misaligned In American Amnesia bestselling political scientists Jacob S Hacker and Paul Pierson trace the economic and political history of the United States over the last century and show how a viable mixed economy has long been the dominant engine of America's prosperity We have largely forgotten this reliance as many political circles and corporate actors have come to mistakenly see government as a hindrance rather than the propeller it once was American Amnesia is more than a rhetorical phrase elites have literally forgotten or at least forgotten to talk about the essential role of public authority in achieving big positive sum bargains in advanced societies The mixed economy was the most important social innovation of the twentieth century It spread a previously unimaginable level of broad prosperity It enabled steep increases in education health longevity and economic security And yet extraordinarily it is anathema to many current

economic and political elites Looking at this record of remarkable accomplishment they recoil in horror And as the advocates of anti government free market fundamentalist have gained power they are hell bent on scrapping the instrument of nearly a century of unprecedented economic and social progress In the American Amnesia Hacker and Pierson explain the full story of how government helped make America great how the enthusiasm for bashing government is behind its current malaise and how a return to effective government is the answer the nation is looking for The New York Times      **The Failures of Ethics**

John K. Roth,2015-07-30 Defined by deliberation about the difference between right and wrong encouragement not to be indifferent toward that difference resistance against what is wrong and action in support of what is right ethics is civilization s keystone The Failures of Ethics concentrates on the multiple shortfalls and shortcomings of thought decision and action that tempt and incite us human beings to inflict incalculable harm Absent the overriding of moral sensibilities if not the collapse or collaboration of ethical traditions the Holocaust genocide and other mass atrocities could not have happened Although these catastrophes do not pronounce the death of ethics they show that ethics is vulnerable subject to misuse and perversion and that no simple reaffirmation of ethics as if nothing disastrous had happened will do Moral and religious authority has been fragmented and weakened by the accumulated ruins of history and the depersonalized advances of civilization that have taken us from a bloody twentieth century into an immensely problematic twenty first What nevertheless remain essential are spirited commitment and political will that embody the courage not to let go of the ethical but to persist for it in spite of humankind s self inflicted destructiveness Salvaging the fragmented condition of ethics this book shows how respect and honor for those who save lives and resist atrocity deepened attention to the dead and to death itself and appeals for human rights and renewed spiritual sensitivity confirm that ethics contains and remains an irreplaceable safeguard against its own failures      **The Electronic Church in the Digital Age** Mark Ward Sr.,2015-11-10 This two volume set

**Vital Issues in the Inerrancy Debate** F. David Farnell, Norman L. Geisler, Joseph M. Holden, William C. Roach, Phil Fernandes, 2016-01-14

The inerrancy of God's Word has been attacked throughout church history Today's assaults are unique since neo evangelicals now surrender to post modernistic ideas of history and historical critical ideologies that assault this vital doctrine They seek to redefine the orthodox meaning of inerrancy Since the signing of the Chicago Statements troubling signs have once again appeared in recent years among many who either did not fight the battles for the inerrancy of Scripture as did the International Council on Biblical Inerrancy or who do not remember the troubling times that caused their development The nature and definition of inerrancy are now being changed to include ideas of fallibility History is forgotten The need arises for sounding the alarm for *Vital Issues in Inerrancy* Evangelical schools and churches that broke away earlier to defend inerrancy surrender now to academic prestige and scholarly fads instead of faithfulness to God's inerrant Word The contributors pray that the Lord will raise up a new generation with the spiritual fervency of the International Council on Biblical Inerrancy to uphold the inerrancy of God's Word Isaiah 40:8 The grass withers the flower fades But the word of our God stands forever

the motivation behind this dangerous behavior how it differed when in or out of sight who provided or undermined forbidden care the differing experiences of men and women how and why gentiles provided aid and most importantly how might the costly obscurity of stealth altruism soon be corrected To date memorialization has emphasized what was done to victims and sidelined what victims tried to do for one another Carers provide an inspiring model and their perilous efforts should be recognized and taught alongside the horrors of the Holocaust Humanity needs such inspiration Toys and Communication

Johnson, 2015-01-11 In 1977 Johnson's best selling *How Long Will South Africa Survive* offered a controversial and highly original analysis of the survival prospects of apartheid Now after more than two decades of the ANC in government he believes the question must be posed again The big question about ANC rule Johnson writes is whether African nationalism would be able to cope with the challenges of running a modern industrial economy Twenty years of ANC rule have shown conclusively that the party is hopelessly ill equipped for this task Indeed everything suggests that South Africa under the ANC is fast slipping backward and that even the survival of South Africa as a unitary state cannot be taken for granted The fundamental reason why the question of regime change has to be posed is that it is now clear that South Africa can either choose to have an ANC government or it can have a modern industrial economy It cannot have both
