Design Imperative Steven Chen, 2018-05-26 This book examines how to optimize design management processes in order to produce innovation within organizations. It first looks at how to harvest a culture of design and then examines topics specific to product and service design. Individual chapters provide anecdotes drawn from leading design oriented firms and best practices based on cutting edge scientific research. This book's unique blend of theory and application will offer students, scholars, and managers valuable insight on how organizations can revolutionize their design processes and leverage their approach to create groundbreaking products and services.

Applications in Electronics Pervading Industry, Environment and Society Massimo Ruo Roch, Francesco Bellotti, Riccardo Berta, Maurizio Martina, Paolo Motto Ros, 2025-03-07 This book provides a thorough overview of cutting edge research on electronics applications relevant to industry, the environment, and society at large. It covers a broad spectrum of application domains from automotive to space and from health to security while devoting special attention to the use of embedded devices and sensors for imaging, communication, and control. The book is based on the 2024 ApplePies Conference held in Turin, Italy, on September 19-20, 2024, which brought together researchers and stakeholders to consider the most significant current trends in the field of applied electronics and to debate visions for the future. Areas addressed by the conference included information communication technology, biotechnology, and biomedical imaging; space; secure, clean, and efficient energy; the environment; and smart, green, and integrated transport. As electronics technology continues to develop apace, constantly meeting previously unthinkable targets, further attention needs to be directed toward the electronics applications and the development of systems that facilitate human activities. This book, written by industrial and academic professionals, represents a valuable contribution in this endeavor.
