The World Bank's Lawyers Dimitri Van Den Meerssche, 2022-09-12 The World Bank s Lawyers provides an original socio legal account of the evolving institutional life of international law Informed by oral archives months of participant observation interviews legal memoranda and documents obtained through freedom of information requests it tells a previously untold story of the World Bank s legal department between 1983 and 2016 This is a story of people and the beliefs they have the influence they seek and the tools they employ It is an account of the practices they cling to and how these practices gain traction or how they fail to do so in an international bureaucracy Inspired by actor network theory relational sociologies of association and performativity theory this ethnographic exploration multiplies the matters of concern in our study of international law and lawyering the human and non human material and semantic visible and evasive actants that tie together the fragile fabric of legality In tracing these threads this book signals important changes in the conceptual repertoire and materiality of international legal practice as liberal ideals were gradually displaced by managerial modes of evaluation It reveals a world teeming with life a space where professional postures and prototypes aesthetic styles and technical routines are woven

together in law's shifting mode of existence. This history of international law as a contingent cultural technique enriches our understanding of the discipline's disenchantment and the displacement of its traditional tropes by unexpected and unruly actors. It thereby inspires new ways of critical thinking about international law's political pathways, promises and pathologies as its language is inscribed in ever-evolving rationalities of rule.

The World Bank Group's Partnership with the Global Environment Facility The World Bank, 2015-11-18. The World Bank Group was a principal founding partner of the Global Environment Facility (GEF) in its pilot phase in 1991 and of the restructured GEF in 1994. The Bank plays three different roles in the GEF: a) as trustee of the GEF and related trust funds; b) as implementing agency, including the implementation of private sector GEF projects by the International Finance Corporation (IFC); and c) as the host organization of the functionally independent GEF secretariat. Focusing primarily on the role of the Bank as an implementing agency, this review documents how the partnership that the GEF and the World Bank Group established in the early 1990s has evolved over time, offers explanations for observed changes, and draws a number of lessons. The review addresses the following issues: The mutual relevance of the World Bank Group and the GEF; Inter-organizational coordination along the World Bank Group GEF project cycle; The introduction of the GEF's resource allocation systems in 2006 and 2010; The

evolution and effectiveness of the Bank Group's GEF portfolio Catalytic approaches in the Bank Group GEF partnership co-financing blending and mainstreaming The World Bank's corporate activities as a GEF implementing agency The principal purposes of this review are a to help improve the relevance and effectiveness of the Bank Group's partnership with the GEF and b to draw lessons for the Bank Group's partnership with the GEF and other large global partnership programs
