Eric Schlosser

Operations And Training Manual For Mcdonalds:

Fast Food Nation Eric Schlosser, 2012 An exploration of the fast food industry in the United States from its roots to its long term consequences **FTC Franchising Regulation** United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Transportation and Hazardous Materials, 1995 Distributed to some depository libraries in microfiche **Franchise Opportunities Handbook** , 1991 This is a directory of companies that grant franchises with detailed information for each listed franchise *Meals Matter* Michael Symons, 2020-06-02 Until the early nineteenth century political philosophy and economics were dining companions Both took up fundamental questions of how we should feed one another But with the rise of corporate capitalism modern economics lost sight of its primary task and turned away from the complexities of real people s sustenance in favor of the single minded pursuit of money In *Meals Matter* Michael Symons returns economics to its roots in the distribution of food and the labor required Setting the table with vivid descriptions of conviviality he offers a gastronomic rebuttal to the narrow worldview of mainstream economics Engaging with a wide variety of thinkers including Epicurus Enlightenment philosophers such as Thomas Hobbes and John Locke the gastronome Jean Anthelme Brillat Savarin and economic theorists from Francois Quesnay and Adam Smith through the neoliberals Symons traces how we went astray and how we can find our way back to a more caring sustainable way of life He finds hope for shared table pleasure in institutions like community gardens street markets and banquets and in eating fresh local and slow food An innovative historically based argument at the intersection of food history and social thought *Meals Matter* challenges us to reject the economics of greed in favor of a community based economics of sharing and gastronomic enjoyment *Franchise Opportunities Handbook* United States. Domestic and International Business Administration, 1986 This is a directory of companies that grant franchises with detailed information for each listed franchise **Reports of the Tax Court of the United States** United States. Tax Court, 1992 Final issue of each volume includes table of cases reported in the volume *Fast Food, Fast Talk* Robin Leidner, 1993-08-04 Attending Hamburger University Robin Leidner observes how McDonald s trains the managers of its fast food restaurants to standardize every aspect of service and product Learning how to sell life insurance at a large midwestern firm she is coached on exactly what to say how to stand when to make eye contact and how to build up Positive Mental Attitude by chanting I feel happy I feel terrific Leidner s fascinating report from the frontlines of two major American corporations uncovers the methods and consequences of regulating workers language looks attitudes ideas and demeanor Her study reveals the complex and often unexpected results that come with the routinization of service work Some McDonald s workers resent the constraints of prescribed uniforms and rigid scripts while others appreciate how routines simplify their jobs and give them psychological protection against unpleasant customers Combined Insurance goes further than McDonald s in attempting to standardize the workers very selves instilling in them adroit maneuvers to overcome customer resistance The routinization of service work has both poignant and preposterous

consequences It tends to undermine shared understandings about individuality and social obligations sharpening the tension between the belief in personal autonomy and the domination of a powerful corporate culture Richly anecdotal and accessibly written Leidner s book charts new territory in the sociology of work With service sector work becoming increasingly important in American business her timely study is particularly welcome **Re-Thinking the Future of Work** Colin C.
