## **Operating System Computer Science Interview Series:**

Operating System Vaskaran Sarcar, 2015-02-05 We see big smiles on people's face after a big achievement. It is expressed as one kind of victory. There are many ways by which people can get those achievements. One of those ways is observed after clearing an interview. It is a dream comes true experience which was eagerly wanted by that person. But unfortunately most of the time we ensure the failure much before the interview begins by lack of preparation, some unknown fear and lack of our self confidence. In last 10 years I have always seen the same pattern. Thanks to my great teachers, my successful seniors and my true friends through them I have got a simple key to solve these problems. Till now it was in my personal notebook and only very few people knew about this success formula. Thanks to GOD who has given me more than enough in my life and I am now confident enough to disclose the formulas one by one. In this book I have given you the key to pass my best wishes are with you a Computer Science interview where Operating System OS will be your guide to crack that interview. On successful completion of the book you can easily handle all the obstacles mentioned earlier. The simple key is most of the time a true interviewer asks you the fundamental questions. He/she knows that anyone can develop a specialized knowledge if the basic fundamentals are clear to that interviewee. But unfortunately most of the time a candidate spends most of his/her time on the tough questions answers of which are not easy to remember if the foundation is weak. So with this book you will have an opportunity to check your fundamentals to gain a huge confidence and to remove unknown fears before appearing such an interview. Author has made his best effort to answer these questions by his own knowledge and different reliable materials available in the market. But any kind of correction, improvements and feedbacks are always welcome because only with those things a book can be truly completed.
