ensure your hours spent on the planet ZDR are dread free Dread is a challenging game but in many ways it's not especially punishing The new EMMI enemies that have been featured all over the game's marketing pose a serious threat to Samus but thanks to checkpoints just outside of the zones you inhabit an encounter going awry with one will only set you back a minute or two at most Boss battles can also be quite difficult until you learn their patterns but you can make things easier on yourself by putting in some legwork beforehand With all of that in mind let's dive into the tips
