Colonial Australian Women Poets Katie Hansford, 2021-01-08 My book traces the significant poetic and political contributions made by non canonical women poets situating women s poetry both in colonial Australian print culture and in wider imperial and transnational contexts Women poets in colonial Australia have tended to be represented as marginal and isolated figures or absent This study intervenes by demonstrating an alternative networked tradition of transnational feminist poetics and politics beyond and around emergent masculine nationalism particularly within newspapers and periodical print culture Without the inclusion of periodical literature women s poetry in Australia during the colonial period would appear to have been fairly limited When periodical literature is taken into account this picture is radically altered and poets emerge as consistent contributors often across a variety of newspapers and journals who were well known influential and connected with political figures and literary circles In examining this poetry in the original context of the newspapers and journals the political intervention and the reception of that poetry is made much more apparent

The Dionysian Gospel Dennis R. MacDonald, 2017-04-01 Those who eat my flesh and drink my blood abide in me and I in them Dennis R MacDonald offers a provocative explanation of those scandalous words of Christ from the Fourth Gospel an explanation that he argues would hardly have surprised some of the Gospel s early readers John sounds themes that would have instantly been recognized as proper to the Greek god Dionysos the Roman Bacchus not least as he was depicted in Euripides s play *The Bacchae* A divine figure the offspring of a divine father and human mother takes on flesh to live among mortals but is rejected by his own He miraculously provides wine and offers it as a sacred gift to his devotees women prominent among them dies a violent death and returns to life Yet John takes his drama in a dramatically different direction while Euripides s Dionysos exacts vengeance

on the Theban throne the Johannine Christ offers life to his followers MacDonald employs mimesis criticism to argue that the earliest Evangelist not only imitated Euripides but expected his readers to recognize Jesus as greater than Dionysos

Classical Mythology in English Literature Geoffrey Miles,2002-09-11

Classical Mythology in English Literature brings together a range of English versions of three classical myths It allows students to explore the ways in which they have been reinterpreted and reinvented by writers throughout history Beginning with a concise introduction to the principle Greco Roman gods and heroes the anthology then focuses on three stories Orpheus the great musician and his quest to free his wife Eurydice from death Venus and Adonis the love goddess and the beautiful youth she loved Pygmalion the master sculptor who fell in love with his creation Each section begins with the classical sources and ends with contemporary versions showing how each myth has been used abused or appropriated since its origins

Joyce and Jung Hiromi Yoshida,2012 Hiromi Yoshida s innovative approach to *A Portrait of the Artist* as a

Young Man demonstrates how Joyce's Stephen Dedalus reaches a heightened state of creativity through his gradual integration of feminine elements into his psyche. This illuminating and stunning analysis presents a valuable contribution to psychoanalytic feminist theory as well as to Joyce studies. Nancy Bombaci, Assistant Professor of Writing and Literature, Mitchell College, New London, Connecticut.

The Seven Deadly Sins Stanford M. Lyman, 1989-01-01 When Stanford M. Lyman authored *The Seven Deadly Sins: Society and Evil* in 1978, it was hailed by Alasdair MacIntyre as a book of absorbing interest and importance_ that places us all in his debt. By Nelson Hart as a masterful and thought-provoking book_ that is the only scholarly treatment of sin that is so well informed by the best of ancient through modern perspectives. By James A. Aho as a work whose abstract hardly does justice to the scholarly and detailed analysis of sin. And by Harry Cohen as a book_ that stands as a beautiful illustration of what holistic, idiosyncratic, interdisciplinary, and creative thinking and writing can bring to bear on the age-old problem of society and evil. The American Sociological Association's section on the Sociology of the Emotions selected this book as one of the works that laid the foundations for the study of pride, lust, envy, and anger, basic sentiments embedded in the social process. For this revised and expanded edition, Lyman has written a new chapter, "Sentiments, Sin, and Social Conflict: Toward a Sociology of the Emotions." The new edition will be a valuable work for courses in social psychology, ethics, deviance, and the sociology of morals and of religion.

All Things Ancient Rome Anne Leen, 2023-06-15 Through roughly 160 alphabetically arranged reference entries, this book surveys the material culture and social institutions of Ancient Rome. Ancient Rome was one of the great civilizations of antiquity. Honoring the contributions of their cultural forebearers who included Etruscans, Asians, and Egyptians, as well as Greeks, Roman artists, writers, and thinkers freely borrowed where tradition dictated and innovated where personal talent and imagination directed, forging a unique creative experience that formed the basis of Western European artistic, literary, and philosophical production for 2,000 years. While other reference works typically examine battles and politicians, this book focuses on Roman social history and daily life, painting a detailed picture of the material culture and social institutions of Ancient Rome. A timeline highlights key events, while an overview essay surveys the achievements of the Romans. Reference entries provide objective information about art, architecture, literature, commerce, transportation, government, religion, and other topics related to Roman life. Each entry provides cross-references and suggestions for further reading, and some provide sidebars of interesting facts along with excerpts from primary source documents. The book closes with a selected general bibliography of resources suitable for student research.

Joyce & Jung Hiromi Yoshida, 2006 Joyce and Jung offers a provocatively original, chapter-by-chapter analysis of Stephen Dedalus' psychosexual growth in *A Portrait of the Artist as a Young Man*. The author frames this within the Jungian soul portrait gallery known as the four stages of eroticism, in which Eve, Helen, Mary, and Sophia are the soul portraits of Western civilization, drawing the collective eros into the psychic field to be witnessed as universal spectacle. In James Joyce's twentieth-century classic, Stephen's soul portraits are the mother, the prostitute, the Virgin Mary, and the Bird Girl.

Survivors of Atlantis Frank Joseph, 2004-08-10 Explores scientific evidence from four cataclysmic events that led to the development of civilization and the downfall of Atlantis The sequel and companion volume to *The Destruction of Atlantis* Studies the connections between the world conquering war the Atlanteans launched and the quartet of natural catastrophes that ravaged the earth more than 5 000 years ago Demonstrates that the Atlanteans ran an imperial copper trade empire that stretched from North America to Asia Minor Archaeologists have long puzzled over the evidence suggesting highly sophisticated copper mining activities in the area of the Great Lakes some 5 000 years ago Menomonie Indian tradition speaks of fair skinned mariners who had come in the past to dig out the shiny bones of the Earth Mother Plato meanwhile recorded that Atlanteans provided an exceptionally high grade of copper that was no longer available in his time In this sequel to *The Destruction of Atlantis* Frank Joseph argues that the Menomonie Indians mariners were Atlanteans and that the destruction of Atlantis by war and natural catastrophe brought about the end of Bronze Age civilization Furthermore Atlantis s survivors dispersed to all sides of their former island empire into Western Europe the Near East and North and South America In *Survivors of Atlantis* Frank Joseph provides an in depth study of the Atlantean war and the intimate connections it had with the last of four great cosmic catastrophes generated by the cyclical return of a comet and its debris This quartet of natural disasters was followed by mass migrations recorded in the histories of such diverse peoples as the Incas of Peru the Celtic Irish the Classical Greeks and the Aztecs of Mexico Where the archaeology mythology astronomy and geology of these cultures coincide a common thread is exposed Atlantis Joseph shows that the fate of the Atlantean empire is the story of early civilization and reveals Atlantis to be a credible part of the world s history

Aristotle on Sexual Difference Marguerite Deslauriers, 2022 Aristotle on Sexual Difference is a book about Aristotle s understanding of the differences between male and females and men and women It considers what he says about biological differences between the sexes and about psychological differences that he thinks justify different political roles for men and women It discusses the authors who preceded Aristotle highlighting that they treat sexual difference as a misfortune and women as an evil inflicted on men This book demonstrates that Aristotle rejects that view and that he argues for the benefit of sexual difference to animal species and the value of women to their political communities It also traces a connection between Aristotle s accounts of the physiological defects of women and of their political limitations
