feb 7 2023 here are some possible viva questions and answers on metal cutting what is metal cutting metal cutting is the process of removing material from a workpiece in the form of chips to obtain a desired shape and size the process can be performed by various cutting tools such as drills end mills and saws with or without the application of heat

mechanical engineering metal cutting viva questions book - Jun 17 2022

following this one merely said the mechanical engineering metal cutting viva questions is universally compatible subsequently any devices to read the american engineer 1889 metal cutting principles milton clayton shaw 2005 this book identifies the major problem areas of metal cutting during the production of mechanical components

solved can you tell viva questions that can be asked from chegg - Dec 24 2022

can you tell viva questions that can be asked from the topic given below give at least 30 questions metal cutting mechanics of metal cutting single point cutting tool geometry and nomenclature orthogonal and oblique cutting mechanics of chip formation types of chips shear angle relationship merchant s force circle diagram cutting

lathe machine viva questions and answers - Apr 27 2023

feb 11 2023 ans the coolant system in a lathe machine is used to cool the cutting tool and workpiece during the cutting operation reducing heat and friction and extending the life of the tool the coolant is typically delivered to the cutting area through a nozzle or spout and is either a liquid such as oil or water or a mist or spray

machining viva questions and answers mechtech guru - May 29 2023

mar 3 2023 machining viva questions and answers q what is machining a machining is a process that involves using tools and machinery to shape or cut raw materials into specific shapes or sizes q what are some common types of machining a some common types of machining include turning milling drilling and grinding q what is turning

machining viva questions mechtech guru - Aug 20 2022

mar 3 2023 what is the role of the cutting force in machining what is the difference between a broaching machine and a keyseating machine what are the different types of drilling operations what is the role of the cutting tool geometry in milling how do you determine the appropriate cutting speed feed rate and depth of cut for a machining operation

250 mechanical engineering viva questions mechtech guru - Feb 23 2023

feb 12 2023 what is the purpose of a sprocket in a mechanical system what is the purpose of a gear in a mechanical system what is the purpose of a clutch in a mechanical system what is the purpose of a brake in a mechanical system what is the purpose of a hydraulic actuator in a mechanical system

mechanical engineering metal cutting viva questions pdf - Apr 15 2022

mechanical engineering metal cutting viva questions the enigmatic realm of mechanical engineering metal cutting viva

questions unleashing the language is inner magic in a fast paced digital era where connections and knowledge intertwine the enigmatic realm of language reveals its inherent magic

50 mechanical engineering interview questions and answers - Mar 15 2022

apr 15 2023 print of the most asked real world basic to advance level mechanical engineering view a and responds for fresher and experienced professionals to getting the right job list of the most asked real world basic at advance rank mechanical engineering interview questions and answers for freshers furthermore experienced technical to get the

engineering workshop notes viva questions pdf mechanical - Mar 27 2023

laser cutting machines are equipped with computer controlled programming that helps to do the work more efficiently and easily the laser beam is used to cut different materials like metal wood rubber glass and plastics by this a high degree of accuracy is maintained

workshop technology viva objective questions for mechanical - Nov 22 2022

ans i carpentry and pattern making shop ii bench work and fitting shop iii foundry and casting iv smithy and forging v sheet metal vi electric arc and gas welding vii machine shop workshop technology viva objective questions for mechanical students

mechanical engineering metal cutting viva questions 2022 - May 17 2022

mechanical engineering metal cutting viva questions a reference book of rules tables data and formulæ for the use of engineers mechanics and students the colliery engineer and metal miner

mechanical engineering metal cutting viva questions - Feb 11 2022

mechanical engineering metal cutting viva questions downloaded from esource svb com by guest arellano kline spon s dictionary of engineering civil mechanical military and naval new age international

250 top mcqs on metal working and cutting tools and answers - Oct 22 2022

answer a clarification cutting tools can be classified in two groups single point cutting tools and multi point cutting tools 10 motion of job is forward rotary in broaching operation a true b false answer b clarification this is false motion of job is

basic of metal cutting interview question and answers - Jul 31 2023

the required shape of metal is obtained by removing the unwanted material from the work piece in the form of chips is called cutting shaping example turning drilling milling boring etc 2 classify the relative motion between work piece and cutting tool
