Rococo A Novel:

Rococo, 2012 Rococo Fiction in France, 1600-1715 Allison Stedman, 2012-10-26 Rococo Fiction in France reconfigures the history of the long eighteenth century by revealing the rococo as a literary phenomenon that characterized a range of experimental texts from the end of the French Renaissance to the eve of the French Revolution Tracing the literary rococo's evolution from the late 1500s to the early 1700s and exploring its radicalization during the 1670s 80s and 90s Allison Stedman unearths the seventeenth century rococo's counter vision for the trajectory of the French monarchy and the dawn of the French Enlightenment The first part of the study investigates the relationship between Montaigne's philosophy of literary production and those of early seventeenth century table talk novelists libertine writers and playwrights involved in the quarrel over Corneille's play *Le Cid* She thus establishes the existence of a rococo philosophy of literary production whose goal was to innovate to bring pleasure and to create communities The second part of the study explores the impact that the Duchess de Montpensier's literary portrait galleries Jean Donneau de Vis's periodical the *Mercur* Galant and other forms of rococo literary production by such authors as Charles Sorel Alcide de Saint Maurice J N de Parvial and Jean de Pr chac had in the creation of a textually mediated social sphere that served as the foundation of the publicly critical culture of the French Enlightenment The study concludes with an investigation of the influx of salon sociability into the textually mediated social sphere during the 1690s Stedman examines the role of interpolated literary fairy tales proverb plays and other rococo publication strategies in such late seventeenth century women writers as d'Aulnoy Lh ritier Murat and Durand in transfiguring the salon from an exclusive social circle mediated by physical presence to an inclusive social diaspora mediated by texts Rococo Fiction in France challenges established views of early modern French literary history and discusses a range of little known works in a generous and engaging manner Rococo Adriana Trigiani, 2005 Rufus McSherry a handsome painter arrives in a New Jersey town at the behest of Bartolomeo di Crespi an interior decorator assigned to Our Lady of Fatima Church and breathes new life into the old church as well as the women of the town **The age of rococo** Terisio Pignatti, 1965 *The History of the English Novel* Ernest Albert Baker, 1950 **Rococo Fiction in France, 1600-1715** Allison Stedman, 2012-10-26 Rococo Fiction in France reconfigures the history of the long eighteenth century by revealing the rococo as a literary phenomenon that characterized a range of experimental texts from the end of the French Renaissance to the eve of the French Revolution Tracing the literary rococo's evolution from the late 1500s to the early 1700s and exploring its radicalization during the 1670s 80s and 90s Allison Stedman unearths the seventeenth century rococo's counter vision for the trajectory of the French monarchy and the dawn of the French Enlightenment The first part of the study investigates the relationship between Montaigne's philosophy of literary production and those of early seventeenth century table talk novelists libertine writers and playwrights involved in the quarrel over Corneille's play *Le Cid* She thus establishes the existence of a rococo philosophy of literary production whose goal was to innovate to bring pleasure and to

create communities The second part of the study explores the impact that the Duchess de Montpensier's literary portrait galleries Jean Donneau de Vis's periodical the *Mercure Galant* and other forms of rococo literary production by such authors as Charles Sorel Alcide de Saint Maurice J N de Parvial and Jean de Pr chac had in the creation of a textually mediated social sphere that served as the foundation of the publicly critical culture of the French Enlightenment The study concludes with an investigation of the influx of salon sociability into the textually mediated social sphere during the 1690s Stedman examines the role of interpolated literary fairy tales proverb plays and other rococo publication strategies in such late seventeenth century women writers as d'Aulnoy Lh ritier Murat and Durand in transfiguring the salon from an exclusive social circle mediated by physical presence to an inclusive social diaspora mediated by texts *Rococo Fiction in France* challenges established views of early modern French literary history and discusses a range of little known works in a generous and engaging manner **The Idea of Rococo** William Park, 1992 **Eighteenth-Century Poetry and the Rise of the Novel**

Reconsidered Kate Parker, Courtney Weiss Smith, 2013-12-24 *Eighteenth Century Poetry and the Rise of the Novel* Reconsidered begins with the brute fact that poetry jostled up alongside novels in the bookstalls of eighteenth century England Indeed by exploring unexpected collisions and collusions between poetry and novels this volume of exciting new essays offers a reconsideration of the literary and cultural history of the period The novel poached from and featured poetry and the modern subjects and objects privileged by rise of the novel scholarship are only one part of a world full of animate things and people with indistinct boundaries Contributors Margaret Doody David Fairer Sophie Gee Heather Keenleyside Shelley King Christina Lupton Kate Parker Natalie Phillips Aran Ruth Wolfram Schmidgen Joshua Swidzinski and Courtney Weiss Smith **The French Novel** Sharon Diane Nell, Bernadette C. Lintz, George Poe, 1995 **The Cambridge History of the Novel in French** Adam Watt, 2021-02-25 This History is the first in a century to trace the development and impact of the novel in French from its beginnings to the present Leading specialists explore how novelists writing in French have responded to the diverse personal economic socio political cultural artistic and environmental factors that shaped their worlds From the novel's medieval precursors to the impact of the internet the History provides fresh accounts of canonical and lesser known authors offering a global perspective beyond the national borders of the Hexagon to explore France's colonial past and its legacies Accessible chapters range widely including the French novel in Sub Saharan Africa data analysis of the novel system in the seventeenth century social critique in women's writing Sade's banned works and more Highlighting continuities and divergence between and within different periods this lively volume offers routes through a diverse literary landscape while encouraging comparison and connection making between writers works and historical periods *Gender and Voice in the French Novel, 1730-1782* Aurora Wolfgang, 2017-03-02 Analyzing four best selling novels by both women and men written in the feminine voice this book traces how the creation of women centered salons and the emergence of a feminine poetic style engendered a new type of literature in eighteenth century France The author argues that writing in a female voice allowed

writers of both sexes to break with classical notions of literature and style so that they could create a modern sensibility that appealed to a larger reading public and gave them scope to innovate with style and form Wolfgang brings to light how the female voice in literature came to embody the language of sociability but also allowed writers to explore the domain of inter subjectivity while creating new bonds between writers and the reading public Through examination of Marivaux's *La Vie de Marianne* Graffigny's *Lettres d'une Pruvienne* Riccoboni's *Lettres de Mistriss Fanni Butler* and Laclos's *Les Liaisons dangereuses* she shows that in France this modern feminine sensibility turned the least prestigious of literary genres the novel into the most compelling and innovative literary form of the eighteenth century Emphasizing how the narratives analyzed here refashioned the French literary world through their linguistic innovation and expression of new forms of subjectivity this study claims an important role for feminine voice narratives in shaping the field of eighteenth century literature

The Rococo, 1844 **Painting the Novel** Jakub Lipski, 2017-12-22 *Painting the Novel* Pictorial Discourse in Eighteenth Century English Fiction focuses on the interrelationship between eighteenth century theories of the novel and the art of painting a subject which has not yet been undertaken in a book length study This volume argues that throughout the century novelists from Daniel Defoe to Ann Radcliffe referred to the visual arts recalling specific names or artworks but also artistic styles and conventions in an attempt to define the generic constitution of their fictions In this the novelists took part in the discussion of the sister arts not only by pointing to the affinities between them but also more importantly by recognising their potential to inform one another in other words they expressed a conviction that the theory of a new genre can be successfully rendered through meta pictorial analogies By tracing the uses of painting in eighteenth century novelistic discourse this book sheds new light on the history of the so called rise of the novel The Open Access version of this book available at <https://www.taylorfrancis.com/books/painting-novel-jakub-lipski/10-4324-9781351137812> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Love Letters and the Romantic Novel during the Napoleonic Wars
Sharon Worley, 2017-01-06 Love letters during the Napoleonic wars were largely framed by concepts of love which were promoted through novels and philosophy The standard texts so to speak which were written by major authors who inherited this Enlightenment bearing responded to the emerging concepts of love found in novels and philosophical essays Love among this Napoleonic coterie is unique because it demonstrates the reciprocal relationship between the love letter and the romantic novel Germaine de Staël Juliette Rcamier Chateaubriand Benjamin Constant Lady Emma Hamilton Napoleon Bonaparte and his brother Lucien Bonaparte were the authors and recipients of some of the most passionate love letters of this period They were also avid readers of the newly emerging genre of the romantic novel and many of them were also authors of such works where they projected their personal romances onto the characterization of their fictional heroes and heroines In addition these authors had lived through the recent French Revolution and the Terror Imprisoned during the Revolution or branded as emigrants upon their return to Paris their mature adult lives were spent in the shadows of the Napoleonic wars in which they shifted political loyalties as the specter of Napoleon's powers grew from First Consul to Emperor of Europe The looming threat of war ignited the depths of their passions and inspired their intellectual analysis of love happiness and suicide Their evolving concept of love was a romantic all consuming passion which gripped the lovers in fatal embraces This book's analysis of their love letters and romantic novels reveals the emerging political landscape of the period through extended metaphors of love and patriotism

The French Revolution Debate and the British Novel, 1790-1814 Morgan Rooney, 2013 This study examines how debates about history during the French Revolution informed and changed the nature of the British novel between 1790 and 1814 During these years intersections between history political ideology and fiction as well as the various meanings of the term history itself were multiple and far reaching Morgan Rooney elucidates these subtleties clearly and convincingly While political writers of the 1790s Burke Price Mackintosh Paine Godwin Wollstonecraft and others debate the historical meaning of the Glorious Revolution as a prelude to broader ideological arguments about the significance of the past for the present and future novelists engage with this discourse by representing moments of the past or otherwise vying to enlist the authority of history to further a reformist or loyalist agenda

Anti Jacobin novelists such as Charles Walker Robert Bisset and Jane West draw on Burkean historical discourse to characterize the reform movement as ignorant of the complex operations of historical accretion For their part reform minded novelists such as Charlotte Smith William Godwin and Maria Edgeworth travesty Burke s tropes and arguments so as to undermine and then redefine the category of history As the Revolution crisis recedes new novel forms such as Edgeworth s regional novel Lady Morgan s national tale and Jane Porter s early historical fiction emerge but historical representation largely the legacy of the 1790s novel remains an increasingly pronounced feature of the genre Whereas the representation of history in the novel Rooney argues is initially used strategically by novelists involved in the Revolution debate it is appropriated in the early nineteenth century by authors such as Edgeworth Morgan and Porter for other often related ideological purposes before ultimately developing into a stable nonpartisan aestheticized feature of the form as practiced by Walter Scott The French Revolution Debate and the British Novel 1790 1814 demonstrates that the transformation of the novel at this fascinating juncture of British political and literary history contributes to the emergence of the historical novel as it was first realized in Scott s Waverley 1814

Reading Smell in Eighteenth-Century Fiction Emily C. Friedman, 2016-06-27 Scent is both an essential and seemingly impossible to recover aspect of material culture Scent is one of our strongest ties to memory yet to remember a smell without external stimuli is almost impossible for most people Moreover human beings specifically Western humans ability to smell has been diminished through a process of increased emphasis on odor removal hygienic practices that emphasize de odorization rather than the covering of one odor by another While other intangibles of the human experience have been placed into the context of the eighteenth century novel scent has so far remained largely sidelined in favor of discussions of the visual the aural touch and taste The past decade has seen a great expansion of our understanding of how smell works physiologically psychologically and culturally and there is no better moment than now to attempt to recover the traces of olfactory perceptions descriptions and assumptions Reading Smell provides models for how to incorporate olfactory knowledge into new readings of the literary form central to our understanding of the eighteenth century and modernity in general the novel The multiplication and development of the novel overlaps strikingly with changes in personal and private hygienic practices that would alter the culture s relationship to smell This book examines how far the novel can be understood through a reintroduction of olfactory information After decades of reading for all kinds of racial cultural gendered and other sorts of absences back into the novel this book takes one step further to consider how the recovery of forgotten or overlooked olfactory assumptions might reshape our understanding of these texts Reading Smell includes wide scale research and focused case studies of some of the most striking or prevalent uses of olfactory language in eighteenth century British prose fiction Highlighting scents with shifting

meanings across the period bodies tobacco smelling bottles and sulfur Reading Smell not only provides new insights into canonical works by authors like Swift Smollett Richardson Burney Austen and Lewis but also sheds new light on the history of the British novel as a whole *Seduction and Sacrilege* Rebecca Haidt, 2002-08 Yet decreasing numbers of late twentieth century and early twenty first century readers are familiar with the novel due to many factors including its length six volumes subject matter preaching and a legacy of critical evaluation as a narrative lacking plot and psychological depth BOOK JACKET
