The Medieval Greek Romance Roderick Beaton, 2012-05-31 First published by CUP in 1989 The Medieval Greek Romance provides basic information for the non specialist about Greek fiction during the period 1071 1453 as well as proposing new solutions to problems that have vexed previous generations of scholars Roderick Beaton applies sophisticated methods of literary analysis to the material and the bridges of the artificial gap which has separated Byzantine literature in a form of ancient Greek as both homogenous and of a high level of literary sophistication Throughout consideration is given to relations and interconnections with similar literature in western Europe As most of the texts discussed are not available in English translation the argument is illustrated by lucid plot summaries and extensive quotation accompanied by literal English renderings For this edition The Medieval Greek Romance has been revised throughout and expanded with the addition of an Afterword which assesses and responds to recent work on the subject

Handbook of Arthurian Romance Leah Tether, Johnny McFadyen, 2017-06-26 The renowned and illustrious tales of King Arthur his knights and the Round Table pervade all European vernaculars as well as the Latin tradition Arthurian narrative material which had originally been transmitted in oral culture began to be inscribed regularly in the twelfth century developing from pseudo historical beginnings in the Latin chronicles of historians such as Geoffrey of Monmouth into masterful literary works like the romances of Chr tien de Troyes Evidently a big hit Arthur found himself being swiftly translated adapted and integrated into the literary traditions of almost every European vernacular during the thirteenth and fourteenth centuries This Handbook seeks to showcase the European character of Arthurian romance both past and present By working across national philological boundaries which in the past have tended to segregate the study of Arthurian romance according to language as well as by exploring primary texts from different vernaculars and the Latin tradition in conjunction with recent theoretical concepts and approaches this Handbook brings together a pioneering and more complete view of the specifically European context of Arthurian romance and promotes the more connected study of Arthurian literature across the entirety of its European context

Heroes and Anti-heroes in Medieval Romance Neil Cartlidge, 2012 Investigations into the heroic or not behaviour of the protagonists of medieval romance Medieval romances so insistently celebrate the triumphs of heroes and the discomfiture of villains that they discourage recognition of just how morally ambiguous antisocial or even downright sinister their protagonists can be and correspondingly of just how admirable or impressive their defeated opponents often are This tension between the heroic and the antiheroic makes a major contribution to the dramatic complexity of medieval romance but it is not an aspect of the genre that has been frequently discussed up until now Focusing on fourteen distinct characters and character types in medieval narrative this book illustrates the range of different ways in which the imaginative power and appeal of romance texts often depend on contradictions implicit in the very ideal of heroism Dr Neil Cartlidge is Lecturer in English at the University of Durham Contributors Neil Cartlidge Penny Eley David Ashurst Meg Lamont Laura Ashe Judith Weiss Gareth Griffith Kate McClune Nancy Mason Bradbury Ad Putter Robert Rouse Siobhain Bly Calkin James Wade Stephanie Vierick Gibbs Kamath
