The Catholic Bible, Personal Study Edition Jean Marie Hiesberger, 2006-12 The essential resource for Scripture The Early Christians in Ephesus from Paul to Ignatius Paul Trebilco, 2007-10-17 The capital city of the province of Asia in the first century CE Ephesus played a key role in the development of early Christianity In this book Paul Trebilco examines the early Christians from Paul to Ignatius seen in the context of our knowledge of the city as a whole Drawing on Paul's letters and the Acts of the Apostles Trebilco looks at the foundations of the church both before and during the Pauline mission He shows that in the period from around 80 to 100 CE there were a number of different communities in Ephesus that regarded themselves as Christians the Pauline and Johannine groups Nicolaitans and others testifying to the diversity of that time and place Including further discussions on the Ephesus addresses of the apostle John and Ignatius this scholarly study of the early Ephesian Christians and their community is without peer Christians at Rome in the First Two <u>Centuries</u> Peter Lampe, 2006-04-01 Investigating the rise and shape of the earliest churches in Rome Lampe integrates history archaeology theology and social analysis He also takes a close look at inscriptional evidence to complement the reading of the great literary texts from Paul's letter to the Romans to the writings of Clement of Rome Montanus and Valentinus I want to learn about the daily lives of the urban Roman Christians of the first two centuries the realities of their social lives my ultimate goal is to contribute at least one element to a multidimensional interpretation of texts and faith expressions of early Christianity Peter Lampe An Introduction to the New Testament D. A. Carson, Douglas J. Moo, 2009-05-26 Grasp the message of the New Testament by focusing on the essentials An Introduction to the New Testament focuses on historical questions dealing with authorship date sources purpose destination and so forth ensuring that the New Testament books will be accurately understood within historical settings For each New Testament document the authors also provide a substantial summary of the book s content discuss the book s theological contribution to the overall canon and give an account of current studies on the book including recent literary and social science approaches to interpretation This second edition reflects significant revision and expansion from the original making this highly acclaimed text even more valuable A new chapter provides a historical survey examining Bible study method through the ages The chapter on Paul has been expanded to include an analysis of debates on the new perspective The discussion of New Testament epistles has been expanded to form a new chapter This new edition is an ideal textbook for seminary students and will help a new generation better grasp the message of the New Testament Faith in the Son of God (Foreword by **Robert W. Yarbrough)** Kevin McFadden, 2021-05-05 A Study of Faith in Christ in Pauline Theology Over the last fifty years the apostle Paul's theology has come under immense critical examination. One important issue prompted by recent scholarship is the correct translation of the Greek phrase pistis Christou as faith in Jesus Christ Galatians 2 16 Many English speaking scholars now interpret this Greek phrase as the faithfulness of Jesus Christ This new translation is bound up with

the theological argument that we are not justified by our own faith but by the faithfulness of Christ Kevin McFadden argues that faith in Christ is a proximate cause of salvation that accords with grace Not only is this treatment a helpful introduction to the pistis Christou debate but it also demonstrates the central role of faith in salvation as the church brings the gospel to **The Ministry of Paul the Apostle** G. Roger Greene, 2019-06-20 Everyone knows the supposed life story of Paul the apostle but then again they may not As it is generally drawn from the book of Acts Paul had a dramatic conversion on the road to Damascus undertook three missionary journeys and returned a final time to Jerusalem He was arrested for creating a riot held prisoner in Caesarea and upon his appeal to Caesar was finally transported to Rome as a prisoner Dotted dashed or colored lines on countless numbers of maps document Paul s three missionary journeys and his journey to Rome as these are commonly discerned in the book of Acts Paul's letters and the book of Acts itself however may tell a different story than the one customarily perceived perhaps a less familiar story but perhaps a more factual one The Ministry of Paul the Apostle represents a significant paradigm shift for understanding Paul's ministry which involves two major campaigns an ordered awareness of Paul s ministry as far as Illyricum a revision of Paul s Corinthian ministry an historical confirmation of visits to Jerusalem an appropriate ordering and reaffirmation of Paul's letters including Romans 16 as a letter to Ephesus In addition the current study offers a new paradigm for correlation between our sources of Paul's letters and the book of Acts with the development of an underlying source tradition behind Acts The reader is thus invited to participate in a significant re evaluation of Paul's ministry and a proposed solution to a long standing mystery of correlation between Paul's letters and Acts When one travels with Paul one engages in a voyage of discovery This book makes sense of the mystery of Paul s ministry which when properly understood becomes an illuminating foundational window of clarity for sorting out a bewildering multitude of theological formulations of the enigmas of Paul's thought It is through a thorough awareness of the ministry of Paul that one comes to appreciate the contextual nature and depth of Paul s theological thought One comes to a new appreciation of Paul's place in early Christianity relevant even for those who live in a post modern age Life in the Spirit New Testament Commentary French L. Eugenio, 2014-03-03 The revival of Trinitarian studies in the twentieth century ushered in a new era of theological innovation The renewed and dedicated articulation of the Trinity as a doctrine in its own right is indeed noteworthy but more important and praiseworthy are the recent endeavors of theologians in integrating the doctrine of the Trinity with other Christian doctrines and with the many variegated aspects of the life and ministries of the church Today it is common to encounter the term Trinitarian being used as a modifier Trinitarian worship Trinitarian ecclesiology etc This book presents Thomas F Torrance as a participant theologian in this integrative paradigm Because Torrance argues that the Trinity is the ground and grammar of theology his doctrine of salvation is consistently Trinitarian But how did he formulate

his unique Trinitarian soteriology This book attempts to spell this out Complementarity Gregg Allison, 2025-05-15 In Complementarity theologian Gregg Allison presents a fresh vision for understanding God's design for men and women as image bearers in the home the church and society As a framework broader than either complementarianism and egalitarianism and underlying both of them complementarity affirms the equal dignity significant difference and flourishing interdependence of men and women Allison grounds his exploration of complementarity in the complex history of the relationship between women and men throughout church history as well as the contemporary contexts of feminism complementarianism patriarchalism and egalitarianism He examines relevant passages from the Old and New Testaments before offering theological considerations of gender and how all Christians fulfill the offices of prophet priest and king Allison concludes by explaining how a robust understanding of complementarity fosters mutual flourishing for male and female image bearers Allison offers a path forward for Christians who want to foster mutual support for male and female image bearers within their churches and communities The Cambridge Companion to the New Testament Patrick Gray, 2021-05-13 This Companion introduces the New Testament in its historical context as well as critical approaches for a non specialist audience It provides an up to date snapshot of scholarship with essays by leading scholars who presume no prior knowledge on the reader s part yet go into greater detail than a typical introductory textbook the Christian Scriptures, Volume 1 Anthony J. Blasi, 2017-04-13 Sociologist Anthony Blasi analyzes early Christianity using multiple social scientific theories including those of Max Weber Georg Simmel Karl Marx Antonio Gramsci Max Scheler Alfred Schutz and contemporary theorists He investigates the canonical New Testament books as representative of early Christianity a sample based on usage and he takes the books in the chronological order in which they were written The result is a series of stills that depict the movement at different stages in its development His approaches often neglected in New Testament studies include such sociological subfields as sect theory the routinization of charisma conflict stratification theory stigma the sociology of knowledge new religions the sociology of secrecy marginality liminality syncretism the social role of intellectuals the poor person as a type the sick role degradation ceremonies populism the sociology of migration the sociology of time mergers the sociology of law and the sociology of written communication Needing to treat the New Testament text as social data Blasi uses his background in biblical studies and a review of a vast literature to establish the chronology of the compositions of the New Testament books and to present the data in a new translation that is accessible to Paul and the Salvation of the Individual Gary W. Burnett, 2001-12-01 This book proposes that there non specialists was a lively sense of the individual self in persons in the Hellenistic world of the urban centres in which Paul lived and ministered whereby individualistic behaviour was not unknown and where individuals were not simply determined by their culture and the group of which they were a part This is in contrast to many recent sociological approaches to the New Testament which emphasise the collective over the individual Hence it is argued that the individual is a central feature of

Paul s letter to the Romans Three texts in the first eight chapters of Romans are examined to indicate Paul s concern with the salvation of the individual and not just with questions of a more collective nature to do with the identity of the people of God This book challenges the very strong emphasis put upon the collective in recent approaches to Paul's letter to the Romans especially by sociologically based NT research but also within the wider body of Romans research It suggests that it is possible to maintain that Paul was vitally interested in the salvation of the individual without having to revert to traditional Lutheran interpretations of the text The Parting of the Ways Stephen Spence, 2004 This book seeks to inject into the general discussion of the Parting of the Ways of Judaism and Christianity the social realities of the separation of a particular Christian community and a particular Jewish community By drawing upon the literary and the historical data available concerning the church in Rome Spence seeks to discover when and how Christians came to see themselves as an identifiably distinct community His findings will surprise those who see the Parting of the Ways as a slow process He argues that although the parting was early it was not without its complications Drawing upon the work of Rodney Stark a sociologist of religion Spence suggests that within the church in Rome there was a struggle between those who saw the church as a Jewish sect and those who saw the church as a Roman cult a struggle already underway when the Apostle Paul wrote Romans This struggle however was not an even one because it was the cultists those for whom the church's primary social location was the pagans of Rome who held the positions of power over the numerically smaller sectarians who sought to maintain the church's primary identity as a Jewish sect acceptable within the synagogues of Rome The Cradle, the Cross, and the Crown Andreas J. Köstenberger, L. Scott Kellum, Charles L. Quarles, 2016-08-15 The Cradle the Cross and the Crown guides serious New Testament students through the historical literary and theological dimensions of the biblical text allowing them to better understand and share God's word of truth 2 Tim 2 15 It offers a thorough introduction to all twenty seven books of the New Testament and closely examines events such as Christ's incarnation and virgin birth his crucifixion and resurrection and triumphant return The second edition features updated bibliographies and footnotes interpretation sections that cover different literary genres in the New Testament an epilogue that canvasses the entire storyline of Scripture and a variety of maps All of these new features contribute to making this a life long resource for students of Scripture New Collegeville **Bible Commentary: New Testament** Daniel Durken, 2016-12-01 Concise and accessible this one volume edition of the New Collegeville Bible Commentary New Testament allows readers to explore any or all of the books with just one resource alongside their Bibles The individual commentaries collected here are written by respected scholars and they break open the biblical texts in a lively fashion Readers will be able to engage Scripture more deeply and reflect on its meanings nuances and imperatives for living a Christian life in the twenty first century Continuing Liturgical Press s long tradition of publishing biblical scholarship and interpretation this commentary also answers the Second Vatican Council's call to make access to Scripture open wide to the Christian faithful Daniel Durken OSB is a Benedictine monk and priest of Saint John s Abbey He

taught Scripture and speech classes at Saint John's University for almost five decades and served as director of Liturgical Press from 1978 88 He still writes homily hints and daily reflections for the Loose Leaf Lectionary and is the founding editor of Abbey Banner the magazine for the relatives friends and oblates of the monastic community **Beyond Justification** Douglas A. Campbell, Jon DePue, 2024-01-03 Paul proclaims in 90 percent of what he wrote that we have been set free resurrected and transformed through Christ at the behest of a loving God This gospel proclamation can be found wherever he speaks of being in Christ But this gospel and its account of salvation have been captured by another gospel which also lays claim to being Paul's account of salvation And this gospel is retributive conditional and ultimately damaging Justification theory as we call this false account lays claim to just under 10 percent of what Paul wrote The presence of both these gospels within Paul's interpretation causes numerous acute problems To name just a few they create an image of Paul as someone who is fundamentally confused frequently harsh and unavoidably anti Jewish If we reread Paul's justification texts however paying more attention to the original historical circumstances within which they were composed then they turn out to say something subtly but significantly different Paul's justification texts can be interpreted carefully faithfully and consistently in terms of his usual gospel our transformation in Christ Thus Justification theory is never activated Paul's true gospel is thereby liberated from its long captivity to a false alternative We can now see a kinder gentler and more consistent apostle
